Log into your HealthQuest Portal to find the best screening option for you!

BIKE TO WORK WEEK

Monday May 13th – Friday May 17th

Check in your community for Bike to Work Events
Join us for an interactive webinar that will provide an opportunity for you to learn and engage with a wellness specialist while asking questions and learning from another member’s experience.

**Topic:** Creating an exercise plan that works for your schedule

**Date:** Wednesday, May 22

**Time:** 11 – 11:30 a.m.

**Register:** [Click here](#)

No HealthQuest points will be awarded. Participation is voluntary.

How to create an exercise plan that works for your schedule:

- Find ways to accomplish exercise throughout the week
- Figure out which type of exercise is best for you
- Set routines to help you stay consistent with your exercise plan
At one time or another, everyone experiences symptoms of mental illness. Too frequently the response to such symptoms in the workplace is confusion, fear, judgment, avoidance and outright rejection. This leads to a worsening of symptoms and a deterioration of performance. This training is designed to reduce the stigma associated with mental illness and to promote ways of supporting one another in the workplace. The session will address signs and symptoms of distress and effective ways of providing support for co-workers. The training also will include exercises to develop these skills.

REGISTER NOW!

By taking away the stigma and removing the barriers to treatment, Mental Health Awareness Month Serves as a reminder that help is readily available and accessible.

Will Promotion Ends May 1st
Create a will and create piece of mind with your EAP’s $9.99 Will Creation Tool
*promotion ends May 31st

The HealthQuest (HQ) Health Center staff strives to provide the best care and services to patients. We want your visit with us to be a positive experience. We strongly recommend that you schedule an appointment in advance in order to minimize wait times but we will accommodate walk-in appointments if the provider is not seeing another patient. If you cannot make your scheduled appointment, please let the health center know as soon as possible so someone else can use your appointment.

To schedule an appointment at the HealthQuest Health Center, you can call 785-783-4080 or visit my.marathon-health.com website and use the convenient appointment tab to schedule your appointment.

Spine health matters

Exercise—most any exercise—can reduce your risk of recurring low-back pain by between 25 to 40 percent.

JAMA Internal Medicine, Jan 2016
