User Guide

Introduction

Properly managing applications is an important part of being compliant in the hiring process. Application statuses need to accurately reflect where they are at in the hiring process. You should **not** be waiting until the end of your search to move application statuses. This user guide will show you how to navigate to applications and move their statuses.

This user guide is intended for individuals identified with the **HCS Liaison** user permission and located in the **HCS Liaison** user field on the requisition (job card).

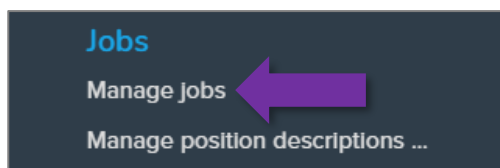

The screenshot shows a form with four fields: 'HCS Liaison:*', 'Reports to:*', 'Hiring Manager:*', and 'Approval process:*'. The 'HCS Liaison' and 'Reports to' fields are empty with a search icon and a dropdown arrow. Below them, a message says 'No user selected.' The 'Hiring Manager' field contains 'Hank Hill' with a search icon and a dropdown arrow. Below it, a message says 'Email address: mkklein@gmail.com'. The 'Approval process' field is a dropdown menu with 'None' selected.

From the Dropdown Menu (Manage Jobs)

1. Click on the dropdown menu to the left of the PageUp logo.

2. Click on **Manage jobs**. This will take you to the **Manage jobs** page where you should see requisitions that have you in the **Hiring Manager** or **HCS Liaison** user field.

3. Locate your particular requisition and click on the job title to open the requisition.

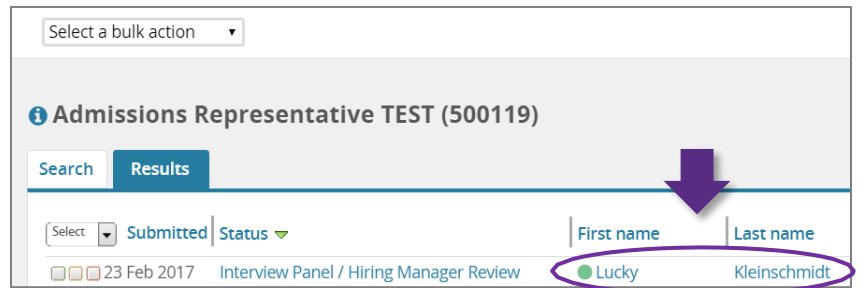

The screenshot shows the 'Manage jobs' page. At the top, there is a search bar with 'Status:' and 'Types:' dropdowns, and 'Clear' and 'Search' buttons. Below the search bar, there is a link 'Show other search criteria'. The main content area is a table with columns 'Job No.', 'Date created', and 'Title'. The table contains two rows: one for '492371' dated '17 Dec 2015' with title 'Academic Fellow TEST', and another for '500119' dated '23 Nov 2016' with title 'Admissions Representative TEST'. A purple arrow points to the 'Academic Fellow TEST' title.

User Guide

- Click on **View applications** in the upper right of the requisition. This will take you to the list of applications.

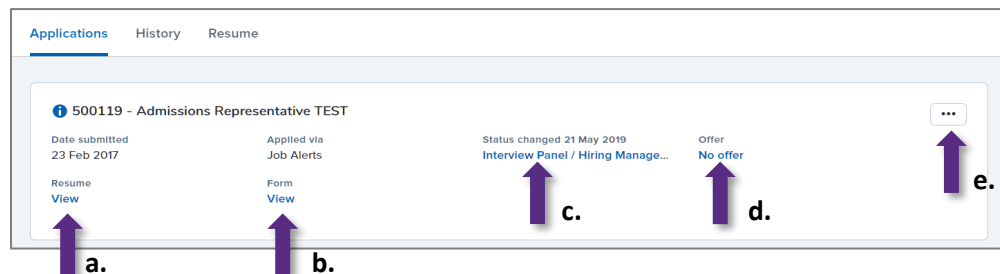

- To navigate the Applicant Card, click on an applicant's first or last name (under the First name or Last name columns) in **blue text** to access the **Applicant Card** window.

A. Navigating the Applicant Card

I. Applications Tab

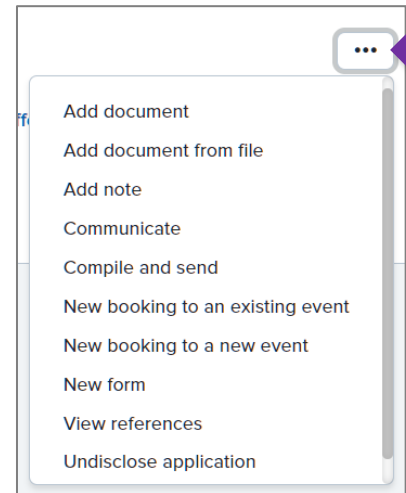

The Applications tab of the applicant card will show you the requisition which the applicant has applied to. Below is a diagram of the Applications tab functions:

- Access the resume/CV:** Click on **View** under the **Resume** header.
- Access the job application:** Click **View** in **blue text** under the **Form** header.
- Update the application status:** Click on the application status in **blue text** under the **Status changed [date]** header
- Access the Offer Card:** Click on the **blue text** under the **Offer** header. Review the [Managing Offers user guide](#) for more information on completing the offer card.

User Guide

e) **Access the ... dropdown menu:** Click on the 3-dot drop down menu to the far right. Some of the actions are:

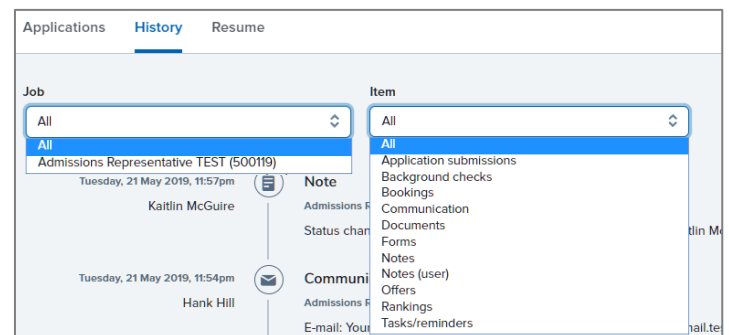

- **Add document** – Use to add any document pertaining to the applicant (screening and interview notes, interview itineraries, reference letters, etc.)
- **Add note** – Use to add comments or any email communications done outside of the system to the applicant card. For communication with the applicant via email, copy and paste the email as a NOTE.
- **Communicate** – To send an email to the applicant from the system. The communication will be tracked within the PageUp system. **This should be used for communications rather than personal or work email.
- **Compile and send** – Use to create a single PDF of all application materials which then can be sent via email to another user.
- **View references** – view the contact information for the applicant's references

II. History Tab

The History tab of the applicant card will show you transactions that occurred with an application for a particular job.

- The **Item drop down** allows you to sort by the type of transaction.
- The **Job drop down** allows you to sort by the jobs the applicant has applied to.

User Guide

III. Resume Tab

The Resume tab of the applicant card will display the applicant's resume/CV. If the document is not visible, you are also able to download it.

B. Updating Application Statuses

I. From Applicant Card

- Click applicant's first or last name (under the First name or Last name columns) in **blue text** to access their **Applicant Card**

User Guide

III. Multiple Application Statuses Update (Bulk Move)

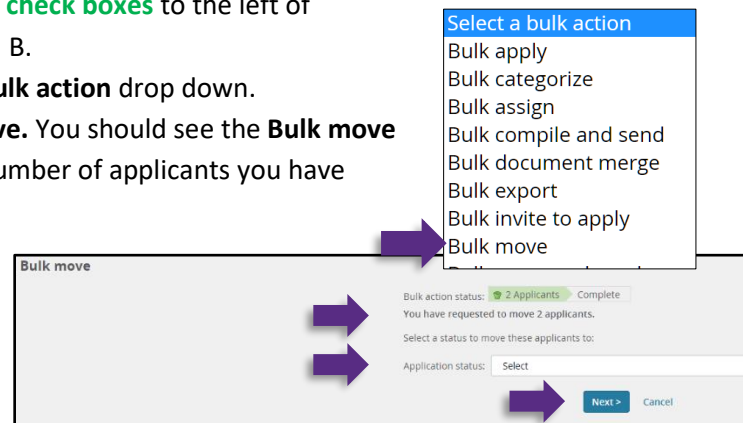

To move multiple applicants for a single application status is accomplished by using **Bulk Move**. This is processed from the list of applicants. This option is available to users with HCS Liaison permission **ONLY**.

The best way to utilize **Bulk Move** is to use the **green, yellow, and red check boxes** found to the left of the applicants. This feature is used to group applicants for a single status change. **It's important to note that your check box selections will be erased if you leave the application list page.** Below is an example of how to use the check boxes for a **Bulk Move**.

Example:

1. Applicant A and B did not meet minimum **education** requirements. Mark the **green check boxes** to the left of Applicant A and B.
2. Click **Select a bulk action** drop down.
3. Select **Bulk move**. You should see the **Bulk move** page and the number of applicants you have selected.
4. Select the **Application status** drop down and the appropriate status.
5. Select **Next**
6. You know your status change was processed correctly when you see a notification line telling you the number of applicants you moved and the status they moved to AND you are taken back to the page with the list of applicants when you have changed the statuses for all of your groups.

User Guide

Managing Unsuccessful Applications – Reason for Non-Selection

When an applicant or candidate is no longer being considered and will not move forward, to create the excellent applicant experience, please notify the applicant as soon as the decision is made. Therefore, the applicant or candidate **NEEDS to be moved to an unsuccessful status as soon as the decision not to move forward with the individual. NOT at the end of the search.**

1. Start the process of updating the application status.
2. An email is already set up to be sent to the applicant or candidate when the individual is moved to one of the Unsuccessful statuses. The email which will be sent is already customized and individualized to show the applicant(s) name and specific job. **Notifying applicants at the end of the search who were never considered for the position creates a poor applicant experience!**

E-mail: Applicant: ☒ Yes ☐ No

From:*

Subject:*

Message:

B I U S [List Icons] [Table Icon] [Link Icon] Formats **A** [Background Color Icon]

3. Select the most appropriate reason for non-selection under the **Interview Panel/ Hiring Manager Review unsuccessful reason** section. This information is tracked and should be an honest reflection to why an applicant or candidate was not selected.

Interview Panel / Hiring Manager Review unsuccessful reason

Please indicate the reason for selecting the interview panel / hiring manager review unsuccessful status:*

Select

- Search Committee Review: Doesn't meet minimum qualifications - Education
- Search Committee Review: Doesn't meet minimum qualifications - Experience
- Search Committee Review: Doesn't meet preferred qualifications - Education
- Search Committee Review: Doesn't meet preferred qualifications - Experience
- Less Relevant Experience for the position
- Ineligible for Rehire
- Not authorized to work in the United States
