Incident | Injury | Near Miss Reporting

For medical emergencies or incidents that require immediate care, call 911 or seek care at the nearest medical facility. Your supervisor or university liaison should complete the incident report and notification.

All campus and K-State activity-related incidents, injuries, illness and/or accidents should be reported through the Incident Reporting System with the QR code below by the end of the day that the incident occurred. Near misses, close calls, or safety concerns can be reported at the QR code below:

REPORT AN INCIDENT OR NEAR MISS
