

GET YOUR FLU VACCINE AT THE BENEFITS FAIR

WHEN: OCTOBER 7

WHERE: K-STATE ALUMNI CENTER

To schedule your flu vaccine, scan the QR Code on the left or visit the **myLAFENE+ patient portal** on the [Lafene Health Center website](#). Go to **Appointments > Schedule an Appointment > Benefits Expo Flu Shots - October 7 at the Alumni Center**

After scheduling your appointment, please complete the required forms under **Medical Clearances** and upload your insurance card (front and back). You will then receive a QR code that is required for your appointment. Please bring your **insurance card** and **K-State ID** to your appointment.

AT YOUR APPOINTMENT:

- Pull up the QR code in your portal when you arrive **or print a copy to bring with you. Screenshots of the QR code may not work;** please do not rely on a screenshot.
- The morning of your appointment, a **Vaccine Consent Form** will appear in your portal under **Consent Forms**. Please complete the consent form **before you see the nurse** for your vaccine.

Thank you for completing these steps ahead of time. They will help keep your appointment running smoothly.

If you are unable to schedule through the portal, you can still come to the Benefits Fair and be a walk-in patient. Flu vaccines will also be available by appointment at Lafene Health Center.

The cost is **\$80** for the standard vaccine and **\$150** for the high-dose vaccine (age 65+). The flu vaccine is covered by most insurance plans. Lafene will submit insurance claims on your behalf, but is **not** in-network with **Medicaid** or **Medicare** and will not submit claims to those entities.
