

Reporting Textbook Information at K-State

The Higher Education Opportunity Act of 2008 is designed to ensure that students have access to affordable textbooks and supplemental materials. Affiliated bookstores (K-State Bookstores: Student Union and Varney's serving the Manhattan campus, Follett's for the Salina campus, and KVESS for the College of Veterinary Medicine) will be collecting textbook information from faculty and making it available to students. Students will be able to purchase their textbooks anywhere. Faculty members from all colleges, except the College of Veterinary Medicine and Salina, should follow the steps below to report their textbook and supplemental material information, even if none are required.
