Step 2: Please note that the recommendation in previous years has been requested to be in hard copy. This year, ISSS is requesting that the person submitting the recommendation submit his/her support by completing an online form. The student application asks for the recommender's e-mail address and a link will be sent to him/her to complete. We hope that this transition is a smooth one, reduces waste, and makes for a more convenient experience for both the applicant and the person making the recommendation.

*Recommendation letters received after 11:59pm on March 15, 2018, will not be considered.

Step 3: You will receive an automatically generated email from orgsync after your application form has been successfully submitted online.
