Homepages

Homepages—Are a collection of related tiles.

Tiles—Are links to specific pages or groups of related pages.

Main—Each time you log in, the system defaults to your main homepage. From your main homepage you can easily navigate to commonly used pages.

Role Specific—You may have multiple homepages based on your KSIS role(s). Click the homepage title to access other home pages.

My Homepage—A blank homepage that you can personalize.

Mobile Experience

KSIS 9.2 utilizes responsive web design so it adapts to the screen size of the device being used. Some icons may not appear, or may be in a different screen location, as shown here:

If you can't find an icon, remember to look under "the hamburger":

On smaller devices, the arrow icon is the back button and the purple expansion icon will open the left navigation window:
