eID and Password: Your eID and password are your keys to access various electronic systems on campus. Your password is to be known only to you. Please read the following, sign and date the form, and return it to your department head.

I understand that security dictates that I do not allow anyone to know or use my password and should I discover that my password is known (whether used or not), I will immediately change my password. Furthermore, I understand that should I allow another person to use my eID and password, all access to these systems granted as a registered user will be immediately terminated.

IT Policies: I have read the Information Technology Policies located at <http://www.k-state.edu/its/itpolicies/> and agree to abide by these policies.

Sensitive Information Control/FERPA Law: I am expected to comply with federal law (FERPA 1974) regarding the privacy of student information. My responsibilities are defined in K-State's Student Records Policy <http://www.k-state.edu/registrar/students/academicpolicy/#STUREC>. (Any questions about this policy should be directed to Office of the Registrar at 532-6254.) Failure to comply with FERPA will result in my removal from further access and could result in further administrative and legal actions as allowed by law. By signing below I agree to abide by all FERPA rules and regulations and to complete K-State's annual FERPA Self-Assessment provided by Qualtrics online survey system which will be distributed via email.
