

Your Student Services Fee Benefit: Here's How it Works

STEP 1

YOUR STUDENT SERVICES FEE BENEFIT PAYS FOR YOUR APPOINTMENT.

Your appointment includes time with a Lafene Health Center or CAPS provider. You can check your KSIS account to confirm you paid the Student Services Fee.

Medical appointment

Sports medicine appointment

Acute illness appointment

Triage nurse visit

International travel appointment

CAPS appointment

TimelyCare Services

Mental health medication management

Medication storage

Nutrition appointment

The Student Services Fee Benefit pays for your appointment - not additional services, tests, procedures, supplies, or treatments.

STEP 2

IF YOUR PROVIDER ORDERS ADDITIONAL SERVICES,

they are billed to your insurance and/or you.

Questions about costs?

We are happy to explain charges before services are provided.

EXAMPLES OF ADDITIONAL SERVICES INCLUDE:

Laboratory services

X-rays & imaging

Physical therapy

Annual physicals or well-person examinations

Massage therapy

Pharmacy purchases, including prescriptions

ADHD evaluation and testing

Allergy & immunization services

Other specialized testing or procedures

Durable medical equipment (DME)

Additional services, tests, procedures, supplies, and treatments not listed above will also result in charges billed to your insurance and/or you.

BOTTOM LINE:

Your Student Services Fee Benefit pays for your appointment. Additional services ordered by your provider will be billed to your insurance and/or you.

Our team is here to help you understand your benefits and any potential charges. **785-532-6544**

Lafene Health Center bills most commercial insurance plans, but is not contracted with Medicare or Medicaid and cannot submit claims to those programs.
