

Introduction to Latin 2 (Latin 102)

This course continues our introduction to the grammar, syntax, vocabulary and structure of the Latin language. This course teaches Latin not as a spoken language but as a language that is read and written. You may enroll in this class if you have previously taken Latin 101 at K-State or elsewhere, in high school or otherwise. In the latter case, please email Dr. McCloskey to chat and ensure Latin 102 is an appropriate placement for you.

- 1) It's super fun!
- 2) Completion of the Latin language sequence will fulfill the **language requirement** for a BA and **International Overlay** requirement for the BS.
- 3) Students who take Latin consistently get among the highest GRE, MCAT, and LSAT scores!
- 4) Latin offers small class sizes, a supportive community of students, and a wide variety of scholarship options!
- 5) **Latin 102 textbooks are provided free of charge (up to the course cap)!**
