

# BROOKE CRAWFORD- MODERN LANGUAGES AMBASSADOR

**Hi! My name is Brooke Crawford, and I am currently a junior from Topeka, KS studying Psychology and German. I first started studying German in high school and picked it back up after a couple semesters at K-State. I plan on expanding my German language skills next semester studying abroad in Germany. Other than school I love working with kids at a local daycare, playing with my dog, bowling, and hiking. I'm excited to be a Modern Language Ambassador and help students find their passions in language or other areas**
