

Discussion

- *Defining, Tracking, Communication*

- Dean Tolar met with Heather Ackerly, who is new at the K-State Foundation. The list of student nominees was given to Heather.
 - 7 student names were highlighted on the Foundation Comms document. Maggie to add more detail on that list: year, email, hometown, major
- Jill Applegate- tying in alumni stories to the webpage
- Candace Stimell and Jill Trego chatting about trustees' investment
 - These dollars will need to be asked for in a concrete way. Direct student impact seems to be the way they have been utilized in the past
 - Chunks of expenses to be considered: posters in Undergraduate Research, background checks in service-learning, immunizations and passports for education abroad,
-
- Reminder of Survey
 - First to go out on Tues, 12, one week before
 - Second to go out on Tues 19, day of
 - Kim to submit under SSL name
- Advertising intern opportunity
 - Team to reach out to student groups
- Communication with Deans to come from Dean Tolar:
 - 1. Thank them for engagement with definitions and survey
 - 2. Notify them that final definitions are coming soon
 - 3. Ask for communication (in person) with their team to a.) offer help on college-level strategic planning b.) collect stories on current opportunities c.) understand gaps in resources as we see this imperative's infrastructure manifest

- *Community-Based Learning*

- *Imperative Sustainability*

- Grants

- Look to current examples of processes: Undergraduate research scholarships, Bill Richter PoliSci Scholarship, etc
 - Advertise current opportunities on the webpage eventually, in the short-term, collect them for models
- *What's on your mind?*

Next Steps

- What can we accomplish as a team?
