

Discussion

- *Defining, Tracking, Communication*
 - We are hearing good things regarding the K-State Today release. A couple of emails have come into our inbox with questions.
 - FAQs- Please review the document for existing questions and questions from Survey which needed to be added. [FAQ draft.docx](#)
 - The Applied Learning Interns start tomorrow!
- *Community-Based Learning*
 - TDI conversation is on hold
 - Emily has been in communication with some extension efforts through work with another project. Many community members, businesses, etc. express significant desire to engage with K-State students, have access to talent
- *Imperative Sustainability*
 - Team members offered quantitative and qualitative questions to be added to a framework for data collection within pilot grants. Our hope is that these questions can be fitted to be inclusive of other experiences. Team members are encouraged to add questions as the see fit: [Data Collection for Pilots](#)
