OUR MESSAGE TO YOU

DR. BRANDON HADDOCK, COORDINATOR
LGBT RESOURCE CENTER
DR. DEBRA BOLTON - DIRECTOR
INTERCULTURAL LEARNING
ADRIAN RODRIGUEZ - AVP FOR DIVERSITY
DIVERSITY & MULTICULTURAL STUDENTAFFAIRS

Dear K-State LGBTQ family,

The Resource Center opened its doors in August of 2010 and continues to enjoy multiple awards and accolades including a five star Premiere Campus rating based upon the Campus Pride Campus Climate Index.

As we enter our tenth year of the LGBT Resource Center at Kansas State University, I wanted to send a message of unity, strength, and celebration of our community. The 2019 – 2020 academic year has been one that has seen amazing events, initiatives, and progress on our campus.

The LGBT Resource Center continues to dedicate itself to supporting the Lesbian, Gay, Bisexual, and Transgender (LGBT) students, staff, and faculty and allied members of the K-State campus, its partners, and the surrounding communities.

Beginning in August, in the effort to expand multicultural resources, educational initiatives, and advocacy for underrepresented communities the LGBT Resource Center joined the Department of Multicultural Student Affairs (DMSA) as part of the Office of the Vice President of Student Life and Dean of Students. This exciting new home within DMSA is long awaited and exciting because it will give us more resources for addressing the needs of the students served by the Center. With the leadership and guidance of Director Dr. Debra Bolton, the Resource Center is now housed in Intercultural Learning and Academic Success of DMSA. The Center and its staff continue to reside in Holton Hall in the space that many of you have come to know so well.

The Resource Center strives to continue to promote equity, respect, and social justice through programs, outreach, and education. The Center provides services to all and provides information regarding resources available to those of differing sexualities and gender identities. We have had a long history in helping to build and nurture a diverse and inclusive campus ...

MESSAGE (CONT.)

CONTINUED FROM PAGE 1

[CONT] community that supports all aspects of the lives of our students, faculty, staff, and community members.

Over the course of the past year we have made major strides in assisting our students in their academic endeavors as well as providing assistance and guidance in a holistic manner to foster student success at K-State. We have increased funding for scholarships, conference opportunities, research and presentation, and access to physical and mental health care.

Within this newsletter, we want to provide a glimpse into the multi-faceted community that we have at K-State. With our students, faculty, staff, and community members we have built a campus community that continues to provide not only an education but a family and home.

Knowing that as a community we can remain K-State Strong, I wish you all the best and look forward to serving our LGBT Resource Center and campus community as we move into our future. With love and light.

Dr. Brandon Haddock
Coordinator, LGBT Center

Dr. Debra Bolton
Director, Intercultural Learning

MEET THE OFFICE TEAM:

[Images and names of the office team members]
K-STATE LGBT RESOURCE CENTER JOINS DEPARTMENT OF DIVERSITY AND MULTICULTURAL STUDENT AFFAIRS

BY ADRIAN RODRIGUEZ
FIRST PUBLISHED IN K-STATE TODAY SEPT. 12TH, 2019

In the continued vision of Kansas State University to expand multicultural resources, educational initiatives and advocacy for underrepresented communities, the LGBT Resource Center has joined the Department of Diversity and Multicultural Student Affairs, known as DMSA, in the Division of Student Life.

Brandon Haddock coordinates and administers the many services and initiatives for students, faculty and staff who use the center. “It is exciting to make this transition to DMSA. Combining our joint resources means we can do more in addressing the needs of our communities served by the center and across the university,” Haddock said.

Haddock will work with Debra Bolton in Intercultural Learning and Academic Success with the implementation and development for initiatives to increase campus partnerships and opportunity. “Dr. Haddock has enjoyed a long history with the center in helping to build and nurture a diverse and inclusive campus community that supports all aspects of the curricular and co-curricular lives of our students, faculty, staff, and community members,” Bolton said.

Thomas Lane, vice president for student life and dean of students, is excited about the transition and what it means for our students and the division. “I am looking forward to the synergy in programs and services offered as a result of Dr. Haddock and the LGBT Resource Center now within the Division of Student Life’s Diversity and Multicultural Student Affairs area,” Lane said. “Dr. Haddock is a steadfast champion for our LGBTQ+ students and I know DMSA will benefit from his commitment to fostering a welcoming and inclusive K-State experience for all campus community members.”

The office’s mission is to provide leadership in building an inclusive campus climate that fosters mutual understanding among diverse groups. The office works with deans, department heads, faculty and other key units throughout the university to accomplish the following, among other initiatives.

- Develop strategies to facilitate the recruitment, retention and graduation rates of multicultural students
- Provide support for multicultural student organizations and leadership development of students of color
- Provide diversity programming and activities that augment classroom learning and have cultural relevancy for students and faculty of color
- Work with college diversity committees to address issues and enhance diversity

To connect with DMSA please feel free to call (785-532-6276), email (ksudiversity@k-state.edu), or visit the office in 224 Anderson Hall. You can also stay up to date with event programming, student support and opportunities, and to follow updates on the Morris Family Multicultural Student Center by visiting our webpage, www.ksu.edu/diversity.

"I believe that telling our stories, first to ourselves and then to one another and the world, is a revolutionary act."

Morris Family Multicultural Student Center Update
by Mirta Chavez
Director, Multicultural Programs and Services

Thanks in large part to student activism and generous donations from our alumni & corporate sponsors, construction on the new Morris Family Multicultural Student Center (MSC) has begun at our Manhattan campus.

K-State has demonstrated a genuine commitment to advancing diversity, inclusion, & intercultural competency on our campus. This building will serve as a place to foster and develop leadership, learning, research, and scholarly work. We look forward to opening the center and engaging with the campus community in the near future.

The MSC will be located immediately east of the K-State Student Union and will include gathering, meeting and performance practice spaces, student and multicultural student organization group spaces, a kitchen, office spaces, prayer/meditation room, and additional core support offices.

The anticipated completion is Fall 2020!

Safe Zone: Allyship Trainings
by Karsen Davis,
SafeZone Graduate Assistant

Starting in Fall 2019, the K-State Safe Zone program moved under the direction of the Department of Multicultural Student Affairs, housed under the umbrella of Intercultural Learning and Academic Success. Safe Zone continues to be part of Kansas State University’s efforts to create an open and affirming campus since the 1970s.

Under its new direction, the Safe Zone program has expanded its programming and developed an introductory level training along with additional advanced trainings in hopes of reaching everyone where they are on a variety of topics. The introductory trainings focus on the rights and responsibilities of Safe Zone allies and information on the resources available to students that they can seek assistance. The hope is that attendees gain knowledge of campus resources and communities on campus, and develop the skills to assist students and colleagues.

The advanced trainings are for those who wish to learn more information about a specific field, or topic in more depth. These training sessions are put on in a partnership with our campus partners to offer participants the most knowledgeable information possible on specific subjects. Some of the past topics have been “Sexuality and Gender Identities”, “Realities of Sexual Assault and Consent”, “Students of Concern Reporting”, “Veterans on Campus”, and many more.

Overall, Safe Zone exists to provide open and affirming “spaces” throughout the K-State campus where individuals affected by discrimination, violence, hateful acts, and other forms of marginalization can go for support and assistance. Kansas State University faculty, staff, students, and community members can become Safe Zone allies as a way to publicly show their commitment to understanding human difference, practicing inclusion, and promoting equity across campus and community.

We encourage all people join us in this mission. To register for a training, please check out our website to find dates for our upcoming presentations. If you are also interested, we’d love to hear your thoughts on new topics to bring forward as advanced trainings.

Safe Zone Partners: CARE Office, Office of Student Life, LGBT Resource Center, DMSA’s Intercultural Learning, Counseling Services, KSU Police Department, International Student Scholar Services, Student Access Center, and the Office of Institutional Equity.
Congratulations to all of our LGBTQ student graduates of 2020!

We know many challenges face our queer students and community, and that is true in any regular year, though 2020 seems to be pushing us all into continued extraordinary circumstances. With that in mind, we want to thank you, not only for your continued resilience in completing your coursework and degrees to reach this graduation milestone, but also for your dedication to your peers, to the broader queer community, and to being your most authentic selves even when individual attitudes and systemic injustices push you not to.

You have worked hard to reach this moment. And no matter the level to which you were out, your presence and journey at K-State has offered hope, possibility, and a model for other LGBTQ students attending or considering K-State. In your classes, activities, clubs, and even work, your tenacity, creativity, dedication, and willingness to share your own experiences, doubts, fears, and successes have helped shape a space and community where we are reminded to respect one another and celebrate our similarities and differences. Through your presence and your work with other passionate individuals, you’ve helped create the change needed so all students have access to an education that they rightly deserve. You made an impact here.

As you move out to an uncertain world, we know you will continue to build, create, and influence those around you to create a better and brighter future for yourself and your communities. We hope the educational foundation that you built at K-State provides the support you need in that creative endeavor. Thank you for helping to shape our community, and we can’t wait to see all of the remarkable things you do!

K-State LGBTQ*Faculty/Staff Alliance

To Our Graduates,

Our mission at the Alumni Association is to lead and inspire lifelong involvement that will benefit Kansas State University and all members of our Wildcat community. With goals to celebrate diversity, foster equity and achieve inclusion, the K-State Alumni Association long ago committed to building a legacy of intersectional inclusion within the Wildcat community.

One key commitment to the LGBT community at K-State is our co-sponsorship of the annual Lavender Graduation. Even though restrictions due to COVID-19 will not allow us to gather to recognize our Spring 2020 graduates, we want you to know how proud we are of you and how excited we are that you are a part of our family. Please know that we are here for you and that we will continue to enhance and grow programs that provide outreach and acceptance for everyone.

Take care and Go ‘Cats!

Amy Button Renz ’76,’86
President and CEO – K-State Alumni Association

Dear Class of 2020,

You are seen. You are loved.

You amaze us with your resilience, your determination and your fortitude. Congratulations on this well-deserved achievement. We had hoped to recognize your transition to the next stage of your life in person, but since we cannot, know that:

- we support each of you, where you are, right now
- we send love and admiration for your accomplishments.
- we send virtual hugs, from real moms who understand and support your struggles and your victories!

Best wishes in all of your endeavors!

Parents and Allies in Manhattan
Free Mom Hugs, Kansas
2019 - 2020 Events Recap

Welcome Back BBQ
September 5th, 2019 - Leadership Studies Amphitheater

The LGBT Resource Center celebrated the new academic year with our annual Welcome Back BBQ! K-State students, faculty, staff, and members of the Manhattan/Junction City communities were invited to eat dinner and to share space with each other.

This event has been a staple for the start of the school year. It allows for everyone to hear from the student organization, learn about the upcoming schedule of events planned for the Fall, and have intentional space for community building, especially with all the new faces!

We want to thank all who contributed to this event, including the Junction City Teddy Bears, LGBT FSA, Leadership Studies, K-State Meat Lab, and our student volunteers.

STI Testing w/ Positive Connections
Monthly - LGBT Resource Center

In partnership with Positive Connections, a community based organization in Northeast KS that provides comprehensive services to individuals who are impacted by HIV/AIDS, we are able to offer this free, confidential service to the K-State community to help promote health and wellbeing.

Along with their test, participants engage in a short counseling session to learn about how HIV is transmitted, look at what has put them at risk, and develop a plan to reduce this risk in the future. All tests and counseling session are totally confidential, and you will know your results in about half an hour.

The Center is proud to host this monthly event and are forever grateful for our continued partnership. To learn more and to help contribute to their efforts, please visit http://www.pcneks.org/.

AdventureOUT
Monthly - LGBT Resource Center

Being apart of the Wildcat Wellness Coalition, the LGBT Center wanted to do our part in promoting outdoor, community building events that would encourage students and faculty alike to go outside and be active.

We initiated our AdventureOUT program last spring. Our office has hosted a couple event throughout the past semesters with event like walking groups around Memorial Stadium, hosting virtual drama therapy classes (due to COVID-19 restrictions), and hiking out at the Konza prairie as seen in the picture. Each event has been well received and we have plans to expand the program in the coming years.

We can’t wait to for the time when we can all come together again for this great program.
The K-State Sexuality and Gender Alliance, a registered departmental student organization, invited anyone interested in learning about LGBTQ+ identities and what it means to be an ally to join them for a student-led event with a focus on engaging dialogue and advancing campus climate.

Dr. Thomas Lane, Vice President for Student Life and Dean of Students, opened the event with a welcome address and spoke to his appreciation for all in attendance. Following that, there was a short presentation on issues facing LGBTQ+ students and a student/ally panel with a Q&A portion. Audience members asked questions on issues facing the community, learned ways to be a supportive ally, and heard the stories of our panelists in hopes of gaining a new level of empathy and understanding.

SAGA plans to host a larger event to continue this outreach in the fall. We thank all our panelist for participating and those who came to engage with this discussion.

---

Red Ribbon Ball

December 6th, 2019 - D-Town on 4th

The LGBT student organizations at K-State hosted their annual Red Ribbon Ball in recognition of World AIDS Awareness Week and World AIDS Day. This event is held every year as an opportunity for LGBT people to dance, eat, and raise money for HIV/AIDS support and the student organizations.

We want to remember all that has been lost and celebrate how far we’ve come. This year, a portion of the donations raised were donated to Positive Connections in order to support their continued dedication for HIV/AIDS advocacy and support.

The evening was filled with great music, drag performances from local performers and students new to the game, and lots of excitement. By the end of the night, SAGA was able to raise $250 for their donation.

Special thanks to Bockers II catering for donating the space and providing an excellent meal. Also thank you to our DJ Paul, host Kevin Stilley, and all the wonderful performers.
Transgender Day of Resistance & Remembrance
November 20, 2019 - K-State Campus

Transgender Day of Resistance/Remembrance (TDOR) is an annual observance on November 20 that honors the memory of the transgender people whose lives were lost in acts of anti-transgender violence that year.

K-State Gender Collective, SAGA, & the LGBT Resource Center hosted a Trans Day of Resistance convergence in the Student Union Courtyard with keynote speaker, Nyla Foster. Nyla spoke to their experiences and gave all in attendance our call to action to help honor, support, and protect Trans* Lives.

There was also an art exhibit located in the Chapman Art Gallery of Willard Hall that was open for the week. The exhibit featured images/stories of Trans icons, informational posters on advocacy, and a slideshow memorializing those lost in the past year. A small vigil was held in the gallery to read the names and give a moment of silence in their memory.

Homecoming 2019:
Manhappiest Place on Earth
October 20th-26th, 2019 - Manhattan

To help celebrate Homecoming, the LGBT student organizations of K-State came together to participate in the week long activities leading up to the big game against Oklahoma. This year’s theme, “Manhappiest Place on Earth”, was a nod to Disney and set the scene for the following week’s activities.

Student organizations, housing complexes, and the greek houses all compete in various events throughout the week for points. Our students participated in “Paint the Ville” and “Chalk Bosco Plaza” as seen in the photos. Members also attended the 5K race, set up a game booth at the Children's carnival, and walked in the Homecoming Parade through town.

Overall, our student groups took 2nd Place in the Student Organization category. K-State won this year too with a final score of 48-41.
Halloween Costume Contest
October 31st, 2019 - Student Union

The LGBT Resource Center and UPC once again hosted the Halloween Costume Contest for all the participate at K-State! Students were encouraged to wear their best Halloween costume to campus for a chance to win some fabulous prizes. Judging of the costumes were based on sever criteria including creativity, originality, and craftsmanship.

It was truly an exciting day on campus seeing everyone dressed up and having a fun time. Costumes ranged from the anime classic Pikachu to creepy ghouls and even some famous cameos like a member of Ghostbusters.

We want to thank all who participated and helped sponsor this fun event.

Event & Prize Sponsors: Raising Cane’s, Varsity Donuts, Bellus Academy, Acme Gift, Union Programming Council & the LGBT Resource Center.

Schuyler Bailar Speaks at KSU
September 10th, 2019 - Student Union

Schuyler Bailar, an alumnus of the Harvard men’s swim team, had to navigate the gendered world of collegiate sports in a way no one had done, becoming the NCAA’s first Division 1 athlete to be openly transgender.

K-State’s Gender Collective brought Schuyler to campus as a guest speaker during his Fall 2019 speaking tour. He spent time discussing his story and giving everyone in attendance a look into his life as a college athlete. During the course of the night audience members were engaged in a meaningful conversation about mental health, allyship for the transgender community, activism and so much more.

The night was a deemed a true success, filling the Wildcat Chamber in the Student Union, but also for the great depth of learning and community building that occurred. Many thanks to Schuyler for tell his story and to all who attended.

Connect with Schuyler Here: https://pinkmantaray.com/
THE 16TH ANNUAL
K-STATE DRAG SHOW
February 14th, 2020 - McCain Auditorium

Hosted by the Transcendent
Monica Moree

Fabulous, Iconic, Inspiring, Alluring, Talented.

These words and many more are how we would describe our biggest event of the year: the K-State Drag Show! This annual event showcases just how special our LGBTQ Wildcat community is and provides so many the opportunity to be authentically, extraordinarily themselves in the company of an auditorium packed full with people from all over the country.

The 16th Annual K-State Drag Show was held this past February on Valentine’s Day and featured a cast of performers who gave their all on that stage. Our theme for the year was “Burlesque”, which brought a sensual, flirty tone to the evening.

We started the night with a reception hosted by Dean of Students Dr. Thomas Lane, Adrian Rodriguez, and Dr. Bolton. Guests enjoyed drinks, photos with the performers, and got a chance to hear from students who have benefited from the LGBT Center’s initiatives and resources. The event was held at the J.P.’s Union Station restaurant a few hours before the main show began in McCain Auditorium.

Our evening’s pre-show was hosted by Kevin Stilley and Mary Renee. They provided all our audience guests with fun banter and talked about the many opportunities and resources that are fund-raised for during this evening every year.

The show’s performers including some of our returning favorites, host Monica Moree, Victoria Fox, Lil KimChi, Valaree Love, and Penny Tration. In addition, the incredible couple, Alexander Cameron and Ginger LeSnapps, brought everything they had with their rousing burlesque numbers for the first time to the Little Apple. Dusty took time in the show to recognize Graduate Assist. Adam Carr for his years of work in the office and for his part in organizing the show.

For this year’s show, the LGBT Center and Dusty Gardner-Carpenter (our host and K-State alumna) decided to put the funds raised towards the Student Mental Health Care Fund and various scholarships offered by the Center. Dusty and his husband Ryan set up the Mental Health Care Fund at K-State in memory of Jason Dockins in hopes of providing more students struggling with mental health financial access to those services on campus.

Thank you to all our amazing performers, student volunteers, sponsors, and the many community members who come back year after year to lend your hand in supporting our students. We look forward to more spectacular shows in the future.

Co-Sponsors: Union Program Council, the LGBT Resource Center, and the Sexuality and Gender Alliance. Additional support provided by the K-State Student Governing Association, McCain Auditorium, and the Gallery for Hair.

Photos provided by Bobby McBride, Ricky Wagner, Ryan Gardner-Carpenter, Ginger LeSnapps, & Adam Carr
Student / Staff Spotlights

Andrew Kohls
(He / Him / His)
Sr. Assistant Director
at the K-State Career Center

What is your favorite thing about K-State?
- We’re not all interested in art, politics, Greek life, or rock climbing… but for those who are interested in these things, or any other specific area/thing, there is someone to connect with at K-State to get involved.

Are there any words of advice to our LGBT students you’d like to give?
- Don’t be afraid to ask your advisors questions that are close to your heart/mind. Even though we may not have lived through your exact situation, there are plenty of ways for us to connect to you and help you through it. Connect with us and we can help!

How have seen progress on LGBT issues here at K-State during your time?
- There has been more training offered to advisors and faculty members on issues of diversity and inclusion. Additionally, university professionals are being more intentional with language, pronouns, and not making assumptions. There is certainly more LGBT representation not only among students in different colleges and organizations, but even more so at the faculty and staff level. Additionally, the support of the Manhattan community has made the K-State Experience for LGBT students even more enjoyable.

Favorite book you’re reading right now:
- Currently a PhD student so not a lot of time for personal reading, so currently reading Organizational Theory in Higher Education by Manning.

Best place to eat/drink in MHK, and your typical order:
- Taco Lucha - Pirate Nancy/Two Buffalo Chicken and One Black n’ Bleu

Anna Casner
(She / Her / Hers)
SAGA President - 2020-2021
Social Work Major

What is your favorite thing about K-State?
- My favorite thing about K-State is the wide variety of viewpoints held by it’s student body and faculty. Having conversations with everyone I meet has taught me to keep an open mind and to engage in discussion rather than argument.

What do you hope to do when you graduate?
- Hopefully, I will be headed to graduate school to obtain a masters degree in Social Work, after that I’m trying to keep my options open although school social work has peaked my interest.

How has SAGA or the Center impacted your time at K-State?
- SAGA and the Resource Center have allowed me to connect with my community in very meaningful ways. I’ve been able to build connections and feel a sense of community that hasn’t always been available to me.

Favorite song at the moment:
- “Georgia” by Brittany Howard. I’ve been a long time fan of hers but just recently, my girlfriend and I found out she’s queer and married to one of her group mates in Bermuda Triangle!

Best place to eat/drink in MHK, and your typical order:
- Arrow Coffee Company - Iced Lavender Mocha
- Little Apple Brewing Company - Steak Naan Flatbread with Truffle Fries and Extra Garlic Aioli
- Green Tea Sushi - Salmon Bento Box with a Strawberry Ramune.
Notable LGBTQ Calendar Dates

CAMPUS ORGANIZATIONS

Sexuality & Gender Alliance (SAGA)

SAGA, the largest LGBT student organization, is a welcoming and safe organization for those that identify as lesbian, gay, bisexual, transgender, queer, questioning or are an ally to our community. All students, faculty, and staff of K-State are welcome to attend along with community members!

The group works to develop community building opportunities, advocate for LGBT issues affecting students at the university, and educate the campus through events.

Gender Collective

Gender Collective is an organization designed to provide a venue for individuals who are transgender, cross-gender, intersex, androgynous, gender variant, or otherwise involved in activities, expressions, or presentation that is divergent from their birth-assigned sex.

We come together to engage in outreach and educational efforts to promote a better understanding and acceptance of gender diversity, expression, and identity issues.

OUT in STEM (oSTEM)

oSTEM is a national society dedicated to educating and fostering leadership for LGBTQA communities in the STEM fields. Kansas State University is proud to provide a nurturing, caring, and safe environment for our entire lesbian, gay, bisexual, transgender, or queer students. Together we are a family.

Broad Spectrum

Broad Spectrum is a global organization of lesbian, gay, bisexual, transgender veterinary professionals, students and straight allies advocating for a welcoming and inclusive environment within the veterinary profession.

We strive to do the following:

LGBT Faculty Staff Alliance (LGBT FSA)

The purpose of LGBTQ* FSA is to support and advocate for sexuality and gender identity based issues on the Kansas State University campus. The LGBT faculty and staff along with campus allies seek to encourage and support Kansas State University’s efforts in the recruitment, retention, and professional advancement of sexuality and gender identity minority faculty and staff. This includes mentoring of junior faculty/staff, professional development opportunities for advancement and promotion, and advocating for dual career issues.

We also advocate for Kansas State University’s efforts in the recruitment and retention of diverse sexuality and gender identity minority students by serving as resources and mentors to the students, support of student organizations, and advisement of University recruitment, retention, and graduation efforts.
GIVING BACK: K-STATE FOUNDATION

The LGBT Resource Center at K-State seeks to provide many resources and opportunities for student’s success. We strive to ensure that our LGBTQ2+ community members have a safe and productive student experience by providing support to potential students, current students and alumni involvement and engagement. Through you generously we are able to help students affirm their identity and potential through scholarships, mental health care funding and engagement opportunities with peers and professionals at conferences and community building events.

Without your continued support we would not be able to offer that level of engagement that has been so crucial for creating space for that affirmation of our students. Please consider giving back to the campus community now and in the future. We thank you for your support and wish you all the best.

- Dr. Haddock & The Resource Center Staff

"The LGBTQ+ Resource Center is an invaluable resource on campus. They have supported me in numerous ways; from helping me develop professionally through scholarships to attend conferences to advocating for my needs as a trans woman on campus. If it wasn't for the Center, I believe I would have withdrawn from K-State, and I know that our institution (and the LGBTQ+ students within it) benefits greatly from the incredible work the Center does."

Roxie Kennedy
M.S. in College Student Development

TO DONATE TO THE MAIN LGBT CENTER FUND, PLEASE FOLLOW THESE FEW, EASY STEPS.
If you would like to give in another way, please reach out to the Center or the Foundation Office.

1.) Go to www.k-state.edu/lgbt
2.) Click on the ‘LGBT Foundation Support’ tab on the left side menu bar
3.) Click on the ‘Click Here’ button
4.) Login as either a guest or registered donor
5.) Once logged in, please ensure that the account ‘GLBT Leadership Development’ is selected under the Gift Information section
6.) Follow the website prompts until the end

If you have any problems connecting to Foundation website, please don’t hesitate to contact our office. Thank you so much for your donations and continuing support of all things LGBT on our campus!
