

NOTICE TO RESIDENTS

New Zip Codes

The U.S.P.S. and mail order businesses are relying more and more on address software. Items with addresses that don't conform to certain formats are being kicked back to senders.

Your address should look like:

Willie Wildcat
(room number) Marlatt Hall
Manhattan, KS 66506-xxxx

Each floor has been assigned a Zip Code. Using the correct 9-digit code will increase the chance you'll receive what is sent.
