Britton takes over gender-equality project

Elaine Fosberg has been named executive director of the Women’s Foundation, to take over the gender-equality project that Beth Montelone and Ruth Dyer have established, “to a $3.5 million grant from the National Science Foundation. The project is aimed at attracting the recruit-
ment, retention, and advancement of women faculty members in science, engineering and mathematics that would come as part of the steering and executive committees. The study found that a 30-year database of ecological research at the site would give K-State students exposure to the latest scientific

Climate change and the Konza Prairie is a candidate for inclusion in national observation network

K-State is replacing its email and calendar systems, Webmail and K-State Calendar, with Zimbra. Zimbra provides integrated email, calendar and roaming file access for faculty, staff and students. It also offers improved email filtering, more effective filtering of unsolicited email and better synchronization with mobile devices.

Zimbra provides integrated email, calendar and roaming file access for faculty, staff and students. It also offers improved email filtering, more effective filtering of unsolicited email and better synchronization with mobile devices.
