GENERAL INFORMATION

Mission Statement

The Green to Gold (G2G) Active Duty Option (ADO) Program is a two-year program that provides eligible Regular Army (RA) Enlisted Soldiers an opportunity to complete their first Baccalaureate degree or their first Masters degree. Upon the successful completion of their degree program the Soldier is commissioned as an Officer in the RA. Soldiers are boarded and selected based on the Cadet Command Scholar/Athlete/Leader model. (SAL)

What makes a Green to Gold applicant competitive as it relates to the SAL concept:

Scholar

- Higher CGPA (CGPA is calculated by the Green to Gold Team in accordance with Green to Gold guidelines)
- academic rigor relative to majors/classes taken versus grades received
- attendance and performance at military schools
- honor Graduate at military schools
- other academic awards or honors

Athlete

- ACFT score
- participation in sporting activities in the community, i.e. community runs, biking, hiking, fitness competitions etc.
- participation in unit or post athletic teams
- sports played in high school and/or college

Leader

- leadership positions held in the military, school/college, or the community
- mentor/coach for youth activities or sports
- attendance and performance at military leadership training
- honor graduate at military leadership training

Note: Applicants enter the program as academic Juniors or Graduate students. They retain all benefits, base pay, allowances, and promotional status until commissioning. Tuition assistance is not authorized.

Phases:

The Green to Gold Active Duty Option application process consists of two phases, as shown below.

Phase One (The Application Phase): This phase consists of creating an online application, submission of board required documents, scheduling of Medical Examination, verifying board eligibility, and packet being reviewed by the selection board. Online applications are created using the “Create Account link at the website.

[Green to Gold \(army.mil\)](http://army.mil)

It is recommended that the applicant use a personal email address as their username when creating the account. It is also recommended that applicants use a personal computer in a personal network when creating the account and accessing the Green to Gold Application System. The security features in government computer systems and networks many times cause access issues when trying to create and work in this application via a government computer and/or network. The applicant may also need to try more than one browser depending on their own computer, network, and browser settings.

Phase Two (The Selection Phase): Selected Soldiers must be administratively and medically qualified prior to awarding of an Offer Letter. To become administratively qualified the applicant must ensure all required documents (to include all administrative waivers) are uploaded to the application portal. To be medically qualified the applicant must be cleared by the Department of Defense Medical Evaluations Review Board (DoDMERB), there are no exceptions. In addition, all applicants must be screened by Human Resources Command (HRC) to ensure they are fully eligible to be placed on assignment. This includes AEA/restriction codes and MRC Codes, Exceptional Family Member Program requirements (if applicable) a valid clearance, and 48 months retention from the start date of their school. Soldiers may not be flagged.

Board Process

The board process consists of Professors of Military Science (PMS) and two Senior Enlisted Advisors who review all completed applications. Selections are based on the Scholar, Athlete, Leader, (SAL) concept as described on page 3 above. Once the selection process is completed an Order of Merit List is established. HRC will publish a MILPER Message listing those Soldiers selected to advance to Phase Two.

Offer Letter

The Offer Letter is generated upon fulfilling all Phase 2 requirements. The applicant’s file receives final verification to ensure all requirements have been completed. The Offer Letter will be sent to the applicant’s Company level Commander through email. Upon receipt of the Offer Letter the applicant must accept or decline the offer and return the signed Letter of Intent (LOI). Once the Offer Letter has been generated the Soldier’s name will be sent to HRC to be placed on assignment. Once this step is completed PCS orders will follow through normal channels.

Obligation

Applicants meeting all requirements and entering into the program will incur an 8-year service obligation upon commissioning. This will be fulfilled by serving in the Regular Army for a minimum of 3 years followed by 5 years of service in the Army in either an Active Duty or Army Reserve status.

Waiver Process

All Cadet Command required administrative waivers will be submitted on a fillable, current version DA Form 4187 and routed through the applicants' ROTC Chain of Command. Examples are in the online application and in the Cadet Command Regulation 145-6. It is the applicant's responsibility to complete all waiver requests through the proper authorities and upload the 4187 and all required supporting documents to their application once returned by their respective ROTC program.

Any Soldier requiring an HRC directed Time in Service (TIS) or Training Service Obligation (TSO) waiver must follow the instructions in the online application, and have a Personnel Action Request (PAR) completed by their unit.

Tuition

Applicants are responsible for their educational expenses, e.g., tuition, books, and fees. They may receive any portion of the GI Bill benefits they have earned since entering the military. However, IAW Department of Defense Directive 1322.8, Soldiers selected to participate in this program are not eligible to use tuition assistance.

NOTE: GI Bill payments for RA Soldiers on active duty may have limitations; therefore, it is important to contact the Department of Veterans Affairs for specific entitlements. For information regarding eligibility for GI Bill contact your installation's Education Center or visit the Department of Veterans Affairs website at [http:// www.va.gov](http://www.va.gov) or call 1-888-442-4551. It is the applicant's responsibility to ensure he/she fully understands all benefits before making any decision.

Class Attendance

Applicant must be enrolled as a full-time student, taking a minimum of 4 (3 for Masters) and maximum of 6 classes per semester. A minimum of 12 semester hours for Bachelor degree and 9 hours for Master degree students is the minimum and 75% of scheduled classes must be taken in a classroom environment.

NOTE: Exceptions of the 75% rule will be considered based on course curriculum.
