

# JAPAN301- Japanese IV

## 11346, MTWU 1:30-2:20 with Dr. Miki Loschky

The main objective of this course is to further develop four language skills in Japanese (listening, speaking, reading, and writing). As the program emphasizes active command of Japanese, not passive accumulation of knowledge, your goal is not simply to study the grammar and vocabulary of the Japanese language, but also to gain necessary skills and develop the ability to use them in a way that is linguistically and culturally appropriate. This course covers the second six lessons of the “Genki II” textbook(lesson 19--23).

**Course Prerequisites: JAPAN 300 or equivalent**
