### Rationale for Bylaws:

We chose articles based on what we saw in examples from KSOL and other booster programs online. The point of the booster club is to support the band program. We decided that the community members should be given opportunities to be involved upon payment of dues. This allows a better connection to the community and more income for the band. By opening up the boosters program, it makes accessibility to the program easier.

For the executive board, we wanted enough members to help cover power struggles that could occur. This is why our board includes officers and chairpersons of the committees. The band director will be there to be sure that everything aligns and supports the band. With the backing of the principal on topics that may be political or controversial, the organization should be able to run efficiently for the band program.

Funds for the organization will support the band. They will be approved by the organization and all checks will be signed by two officers in order to protect the organization.
