Composition/theory: Accomplished
Intent of the Model Cornerstone Assessments

Model Cornerstone Assessments (MCAs) in music assessment frameworks to be used by music teachers within their school’s curriculum to measure student attainment of process components defined by performance standards in the National Core Music Standards. They focus on one or more Artistic Process (i.e., Creating, Performing, or Responding) and designed as a series of curriculum-embedded assessment tasks, each of which measures students’ ability to carry out one or more process components. The MCAs can be used as formative and summative indications of learning, but do not indicate quality of teaching or effectiveness of a school’s music program.

Although each MCA is designed so that it can be administered within an instructional sequence or unit, teachers may choose to spread the component parts of one MCA across multiple units or projects. Student work produced by the national pilot is available on the NAfME website that illustrates the level of achievement envisioned in the National Core Music Standards.

Description of the MCA

Students will create and describe compositions to be used as a main theme song in a video documentary. The compositions will consist of at least three related instrumentation layers, including one percussion layer. Students will then select their own or a classmate’s composition to perform, and respond to a classmate’s composition.

Administration of the Assessment Task

This assessment task is to be incorporated into classroom instruction. It is to be administered in a safe, appropriately supervised environment following school policy and procedures. Accommodations based upon student IEP, 504 Plan, etc. will determine the implementation of this assessment task for applicable students. Printable copies of worksheets and scoring devices with additional links to editable.doc documents are included. Students will need the following materials and resources to complete this assessment task:

- student copies of Task Instructions, Imagination Sheets, Analysis Form, Peer Evaluation Form, Rehearsal Plan Sheet, Presentation Preparation Worksheet, Composer Self-Evaluation Form, Responding Form, and Selection Sheet.
- pencils and erasers
- variety of instruments including guitars, piano/keyboard, band, orchestra, barred instruments, electronic instruments, computers, tablets, etc.
- rehearsal space(s)
- performance space
- digital audio recorder

This assessment is comprised of students’ creating a music composition, performing their own or a classmate’s composition, and responding to a classmate’s composition.

Estimated time for Teaching and Assessment

Individual teachers can determine the length of time required to complete the assessment. Teachers should administer the task in the way that is most practical for their classrooms and the allotted time periods, implementing of the task to his/her available class time and schedule.
### Teacher Preparation for Assessment

- Address the **Prerequisite Skills and Knowledge** with students.
- Reproduce a classroom set of student **Task Scenario** and **Imagination Sheets** (link to .docx version).

### Assessment Procedures:

1. Teacher distributes to the students the **Task Scenario**.
2. Students independently read the scenario, then asks for clarification if necessary.
3. Teacher instructs students to create a Documentary Theme Song for performance using any combination of voice or instrument (acoustic and/or technology-based). This musical composition must be able to be played by themselves or a classmate using instruments, voice, and/or amplified computer, tablet, etc.
4. Teacher distributes to the students the **Imagination Sheet**. (link to .docx version)
5. Students independently generate and describe on their Imagination Sheets the musical ideas related to the documentary’s topic they will use in composing their theme song.
6. Teacher collects the student Imagination Sheets for scoring with the **Imagine Scoring Device**.
### Imagine Scoring Device

<td>Description clearly and creatively related musical ideas to the documentary’s topic.</td>
<td>MU:Cr1.1.C.IIa Describe and demonstrate how sounds and musical ideas can be used to represent sonic events, memories, visual images, concepts, texts, or storylines.</td>
</tr>
</tbody>
</table>

Teacher Feedback
Assessment Procedures:

1. Teacher distributes student imagination sheets collected during Step 1, and staff paper and/or plain paper for notating theme song.

2. Students independently improvise, organize, and audio/digital record their imagined musical ideas into a theme song with at least three related instrumentation layers (including one percussion layer), in which at least three elements of music (pitch, rhythm, harmony, dynamics, timbre, texture, form, and/or style/ articulation) are emphasized to represent the documentary’s theme.

3. Students notate their in-progress composition drafts (using what they consider as the most appropriate traditional or non-traditional notation for the selected instrumentation).

4. Teacher distributes Analysis Form to each student. (link to .docx version)

5. Students identify and describe (using the Analysis Form) how the elements of music are intended to represent the documentary’s theme.

6. Teacher collects the recorded and notated versions of the theme song draft and the Analysis Form from each student for scoring with the Plan, Make, and Analyze Scoring Device; and provides feedback to guide further refinement on the Analysis form that will be returned to the student in the next step.
### Plan, Make, and Analyze Scoring Device

**Organization**
- Musical ideas were disorganized.
- Organization of musical ideas (recorded and notated) were sequenced but lacked coherency.
- Organization of musical ideas (recorded and notated) demonstrated a coherent theme song.
- Organization of musical ideas (recorded and notated) demonstrated a coherent theme song including variety and expression.

**MU:Cr2.1.C.Ia** Assemble and organize multiple sounds or musical ideas to create initial expressive statements of selected sonic events, memories, images, concepts, texts, or storylines.

**MU:Cr2.1.C.Ib** Describe and explain the development of sounds and musical ideas in drafts of music within a variety of simple or moderately complex forms (such as binary, rondo, or ternary).

**MU:Pr4.2.C.Ia** Analyze how the elements of music (including form) of selected works relate to style, function, and context, and explain the implications for rehearsal or performance.

---

**Teacher Feedback**
Create – Step 3 – Evaluate, Interpret, and Refine the Composition

Teacher Preparation for Assessment

- Explain the criteria students should use to evaluate, interpret, and refine the technical and expressive aspects of their theme song, as well as its craftsmanship and originality.

Assessment Procedures:

1. Teacher returns student theme song drafts collected during Step 2, and provides paper for notating additional drafts.
2. Students independently perform their theme song to another class member who evaluate the technical / expressive aspects of the theme song and provide feedback using the Peer Evaluation Form. ([link to .docx version](#))
3. The student composer then will interpret the feedback from the peer and the teacher to guide final refinement of their evolving draft, keeping in mind that their theme song should demonstrate craftsmanship and originality.
4. After revisions are complete, students independently prepare readable final drafts of their theme song for rehearsal leading to performance.

Step 4 – Rehearse, Evaluate, and Refine for Performance

Teacher Preparation for Assessment

- Reproduce a classroom set of student Rehearsal Plan Sheets. ([link to .docx version](#))

Assessment Procedures:

1. Teacher distributes the student Rehearsal Plan Sheets. ([link to .docx version](#))
2. On the Rehearsal Plan Sheet, students identify improvement goals and strategies to apply through rehearsal of the theme song.
3. Students evaluate achievement throughout several practice sessions and refine the performance of their theme song.
4. When ready, the student audio records the performance of his/her theme song to present in class.
Assessment Procedures:

1. Teacher distributes to the students the **Responding Form**. (link to .docx version)
2. Student submit the final notated composition to the teacher, then present his/her recorded theme song to the class. The presentation includes:
   - Announcement of the theme song title.
   - Persuasive description of how he/she emphasized at least three elements of music (*pitch, rhythm, harmony, dynamics, timbre, texture, form, and style/articulation*) in the theme song to represent the documentary’s topic.
   - Playing of the recorded theme song.
   - The teacher scoring the composition and presentation with the **Composition Presentation Scoring Device**.
3. Following the presentation, the students complete a **Responding Form** while the composer completes the **Theme Song Self-Evaluation Form**.
4. Teacher collects the **Presentation Preparation Worksheet, Rehearsal Plan Sheets, Peer Feedback Form**, and **recorded composition**. These will be scored using the **Process Scoring Device** by comparing the final notated/recorded performance to the earlier notated/recorded draft and reflection on the **Peer Feedback Form**.
5. Teacher also collects the **Responding Forms** for scoring using the **Responding Scoring Device**.

---

**Teacher Preparation for Assessment**

- Reproduce a classroom set of student **Composer Self-Evaluation Forms** (link to .docx version) and **Theme Song Responding Forms** (link to .docx version) and **Theme Song Select Sheets** (link to .docx version).
- Make ready the digital audio or video recording device (if you choose to record the student presentations), and the performance space.
- Prepare a presentation order and **Final Composition Scoring Device** for each student presentation.
- Give each student a **Presentation Preparation Worksheet** (link to .docx version) explaining how they will describe their theme song and persuade their peers to select it as the theme song for the the video documentary.

**Select:** Choose music appropriate for a specific purpose or context.  
**Interpret:** Analyze how the structure and context of varied musical works inform the response.  
**Evaluate:** Support evaluations of musical works and performances based on analysis, interpretation, and established criteria.
Dear Composer,

You have been recommended to submit a composition to be considered for selection as the original main theme song to a video documentary being digitally captured by MEDIA SERVICES. The theme song will be played at the beginning and end of the documentary. It can be in any style or genre, including jazz, popular music, world music, etc. Your submission will be reviewed by a panel for selection. We are selecting theme songs for documentaries about one of the following themes:

- Skateboarding
- Social Justice
- Family Pets

The review panel has asked that the theme songs have at least three different instrumentation layers, including one percussion layer. The composition is to be performed by you and/or your classmates. Theme songs may be created to be sung and/or performed using traditional instruments, electronic instruments, computers, tablets, etc. The review panel would like each member of your class to create one theme song, describe the theme song, perform his/her own or a classmate’s theme song. The review panel is very interested in knowing why you chose the documentary topic, theme song instrumentation and how you used the elements of music (pitch, rhythm, harmony, dynamics, timbre, texture, form, and style/articulation) in your composition. Therefore, you will be asked to write a description of your music to accompany your theme song.

The expectations of the project are described in the contract. Following your performance, the review panel would like you to respond to a classmate’s theme song, providing additional insight to help them understand the theme songs and determine their expressive intent. See the attached agreement for details.

Warm regards,

MEDIA SERVICES Inc.
Agreement for Documentary Theme Song

You must meet the following task requirements when creating your theme song:

- Choose the documentary topic for which you will compose.
- Compose an original theme song that contains a minimum of three “related” instrumentation layers (timbres), including one percussion layer and two other layers such as (guitar, piano/keyboard, band, orchestra, barred instruments, electronic instruments, computers, tablets, etc.).
- The theme song should be at least 32 measures or 60 seconds in length.
- Notate your theme song (using the most appropriate traditional or non-traditional notation for your instrumentation) so that it is readable and performable by you and/or others. This may include:
  - Choosing the appropriate clef (treble clef, bass clef, alto clef) for the voice or instrument.
  - Choosing a key signature and time signature.
  - Demonstrating appropriate note and bar line placement.
- The theme must emphasize three or more of the following elements of music (pitch, rhythm, harmony, dynamics, timbre, texture, form, and/or style/articulation); and demonstrate craftsmanship and originality.
Project Expectations

The composed theme song must be reflective of the theme and at an appropriate level of performance challenge for you and your co-performing classmates’ performance skill. In order to accomplish this, it is expected that you:

- Identify and address the technical, stylistic, and musical challenges of the theme song as they relate to your and your co-performing classmates’ performance skill.
- Apply your understanding of theoretical and structural principles as they function within the context of the theme.
- Develop and submit a rehearsal plan that provides strategies for improvement of technical and expressive aspects of the theme song’s performance.
- Rehearse, evaluate, and refine your performance, addressing and improving on the identified performance challenges; and ensuring that it conveys the theme song’s elements of music, style, mood, function, context, and intent.
- The theme song will be recorded using your voice or traditional instrument, electronic instrument, computer, tablet, etc. of choice.
- The presentation must include the following:
  - introduce yourself and the focus of your documentary.
  - persuasively explain how the theme song relates to the documentary’s topic, and how the elements of music, formal design, style, mood, function, and context are used in the theme song to convey intent.
  - play the recording of your theme song.
- You will respond to your classmates’ theme songs, identifying how they used the elements of music, formal design, compositional techniques, and style to relate to the documentary’s topic.
Documentary Theme Song Imagination Sheet

Student Name: ________________________________

Use this sheet to brainstorm and describe ideas: e.g., sounds, sequences, textures, timbres, dynamic shapes, melodic/harmonic ideas that could be used for your music composition (Documentary Theme Song). These ideas should relate to the documentary’s topic, and will be used in the planning and making of your theme song. In your theme song, the elements of music (pitch, rhythm, harmony, dynamics, timbre, texture, form, and style/articulation) are to be used to represent the documentary’s topic.

Presentation Preparation Worksheet

For the class presentation of your theme song, you will submit a final notated version of your composition to the teacher, and then present the recorded theme song to the class as follows:

- Announce the title of the theme song.
- Persuasively describe to the audience how you used elements of music (pitch, rhythm, harmony, dynamics, timbre, texture, form, and/or style/ articulation) in the theme song to represent the documentary’s topic.
- Play the recorded theme song.
- You will then complete a self-evaluation while the class members complete their Responding Form.
- At the end of class you will submit to the teacher this Presentation Preparation Worksheet; Rehearsal Plan Sheet; Peer Evaluation Form; Recording of your theme song; and your Self-Evaluation.

(complete the following to prepare your presentation)

Title of the theme song: _______________________________________

Description of how you used the instrumentation layers, and emphasized at least three of the following elements of music in your theme song to represent the documentary’s topic: pitch, rhythm, harmony, dynamics, timbre, texture, form, and style/ articulation.
