**Health Forms:** It would be a good idea to fill out these health forms before you arrive in the USA. *Bring a copy of your immunization record.*

During orientation, you will meet with the Lafene Student Health Center and submit these forms:

Medical history – Lafene.pdf

Meningitis vaccine documentation.pdf

TB Test Information: <https://www.k-state.edu/lafene/requirements/tb-screening/tb-international.html>

GET FORMS: <http://www.k-state.edu/lafene/forms.html>

Explore the **course catalog**! You will enroll when you get here.

\* To view the catalog of all undergraduate courses: <http://Catalog.k-state.edu>

\* To view the list of courses offered the semester you arrive: <http://courses.k-state.edu>

\*You will see a 5 digit “number” of the course. Keep track of this number, the enrollment number.

\*This page also lists “CLOSED COURSE LIST” You can look up each class to see if it is full using the enrollment number

\*Class sections:

There are different types of sections for classes. Most science classes have several sections to select.

Lecture (**Lec**) Large group setting, professor lectures

Recitation (**Rec**) means a small group setting, where professor or teacher helps learn the material through discussion or activities.

Laboratory (**Lab**) hands-on work or experiments.

Quiz (**Quiz**) a special section where you take assigned quizzes or tests.

Independent Study (**Ind**) Work under the direction of a professor, by appointment.

Be sure you write the enrollment number of each type of section for each class you select!

Right now, just get familiar with the catalog and enrollment schedule. We will help you!!
