**Summary** 

# Human Resources Component Summary (Applicable to Degree-granting institutions and Related Administrative Offices)

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2013.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

NOTE: The above data are based on the Salary outlays part of the IPEDS HR component. The Weighted average salaries per month of full-time instructional staff by academic rank are calculated by adding the salary outlays reported for Men plus Women by academic rank [reported on the Part G, Salary outlays screen] then dividing the sum by the "Total Number of Months" for Men plus Women by academic rank [calculated from data reported on the Part G, Salary Worksheet screen]. Salaries of full-time instructional staff on less-than-9-month contracts are not collected. Also, salaries of medical school staff are not collected. The weighted average salaries per month may be included in the DFR.
