

Internship and Advising Survey

Opening

We are gathering data on student internships and academic advising experiences to help us improve opportunities for you and future K-State students. Note that this survey should only be completed after meeting with your primary academic advisor.

For the purposes of this survey, internships are defined as "educationally-related work experiences that integrate knowledge and theory with practical application and skill development in professional settings." In this case, "internship" includes all of the following: internship, co-op, field experience, and practicum.

Please give honest and thoughtful answers to each question. The survey should take no more than 10 minutes to complete. Your identity will remain confidential in any report of the results. We are excited to hear more about your experiences!

Dr. Jeannie Brown Leonard, Vice Provost for Student Success

Dr. Kerri Keller, Director, Career Center

Did you complete an internship, co-op, or other professional experience during any of the following semesters?

Fall 2020
