

**Agenda**  
President's Commission on the Status of Women  
**10:30 am, February 2, 2018**  
**401 Hale Library**

**1. Welcome and Introductions:**

**Present;** Wendy Barnes, Steve Dandaneau, Angela Hubler, Clara Kientz, Felisa Osburn, Sarah Reznikoff, Laura Widenor

**2. Working groups**

**a. Professional Development Fund**

Felisa had the application updated to contain this year's date and her email address so that the applications will come to her.

**b. Health/Safety Fliers**

Loleta Sump in Facilities has been contacted about plastic insert holders and she sent a list of Building Authorities which Felisa will send out with the minutes. A list of restrooms for each building will also be included. After looking at the Authorities' list it contains Deans and Department Heads who are most likely not the people who would be placing the fliers in the restroom. Maybe we can get a list of custodial supervisors for each building. Some of the posters can be mailed to individual buildings.

Angela Hubler shared a flier drafted by the Sexuality and Gender Alliance and asked if our group would endorse it. The flier stated that restrooms are for the gender that you associate with and available for everyone. The group approved the design with a few changes. This poster would be switched out with the lactation posters that we already have ready to post.

**c. Communications**

The website has been updated with all the current members and minutes. Felisa gained access to the email account and canceled the Twitter account.

**d. Lactation rooms**

The Kansas Breastfeeding Coalition has been contacted about materials for the rooms. Brenda Bandy stated that she had been working with a couple people to get material in the lactation rooms. We will contact them to make sure we are not both working on the same project.

**3. Other items of discussion from last meeting**

**a. Unity Walk-** did not have time to discuss

**b. Climate survey**

The KSU Office of Diversity has a report entitled the PCMA report. It has some very basic information but is not nearly as informative as the KU report. There is also an annual report from the Department of Planning and Analysis that would show the pay discrepancies. Felisa will see if she can access that report.

**c. Bystander Training**

The training has been rescheduled for March 20. There is also program to rename the Bystander Training to make it custom to K-State.

**d. Campaign for Non-violence**

We would like to participate in the panel on April 4 which would be the last event. We could also have a booth advertising the Professional Development Fund at an event such as the Pet away stress event in the quad on March 14.

**e. SARN/SART program**

Via Christi has hired two SANE nurses and promise to add a third.

**4. Items for the report to the President-** These still need to be decided.

**5. Adjourn**

Meeting adjourned at 11:35
