

**BRAIN STIMULATION  
AND NEUROPLASTICITY LAB**

Do you want to do research  
on Brain Stimulation and  
Neuroplasticity?

**This is your opportunity!**

### Lab interests

Brain connectivity  
Neurological disorders  
Psychiatric disorders  
Neuroplasticity  
Signal analysis processing  
Transcranial magnetic stimulation (TMS)  
Electroencephalography (EEG)  
Magnetic resonance imaging (MRI)

### Requirements:

At least 8-10 hrs/week

### Contact

Dr. Julio C Hernandez-Pavon
