

## Accessing Myhub

Myhub is publicly available at [myhub.org](https://myhub.org). Learners should select the “Login” link located in the upper right corner of the Myhub home page to access the Myhub Login page.

### Login Options

From the Login page, learners can access Myhub via single sign-on (SSO) integration with your institution's student portal and social login access.

## Single Sign-On Access

During your Myhub implementation, your institution created a single sign-on connection from your student portal to Myhub. By doing so, you can trust that the data of your students and alumni are secure, because access is controlled through use of your own identity management protocol.

Providing single sign-on from your institution's student portal allows students (and alumni, if they have access to the same secure portal) to access Myhub by 1) logging in to your student portal first, then selecting a secure link to access Myhub from within the student portal, or 2) logging in to your student portal from the public login page for Myhub at [myhub.org](https://myhub.org) (shown on previous page).

## Social Login Access

Many institutions revoke access to their student portal after a student is no longer enrolled at their institution. Since Myhub is meant to be accessed by learners no matter where they are in their education and career journey, Myhub can be accessed via the learner's social accounts with Google and LinkedIn. To ensure your learners' data remains protected, learners are challenged with a series of challenge questions based on their public record data (e.g., car loan data, credit bureau data, etc.) when logging in via either social login option.

To log in using Google or LinkedIn, the learner selects either the "Sign In With Google" or "Sign In With LinkedIn" button.

### Google Login

If "Sign In With Google" is selected, the learner is instructed to sign in to their Google account.

The screenshot shows a Google sign-in window titled "Sign in with Google". The main heading is "Sign in" followed by "to continue to [studentclearinghouse.org](https://studentclearinghouse.org)". There is a text input field labeled "Email or phone" containing the email address "johndoe@gmail.com". Below the input field is a link for "Forgot email?". A paragraph of text explains that Google will share user information with the website and provides links to the "privacy policy" and "terms of service". At the bottom, there is a "Create account" link and a blue "Next" button.

## Account Registration Success

If the information provided identifies a unique identity in the Clearinghouse database, the learner will proceed to the identity proofing process.

## Identity Proofing (for Social Login Only)

In order to protect the academic record data of learners, social login users are challenged with a series of identity proofing questions to ensure that the user accessing a learner's records in Myhub is the learner. To prevent fraudulent activity, the challenge questions are timed and randomized.

The screenshot shows the Myhub logo at the top left. Below it, the text "Please Verify your Identity" is displayed in a blue font. Underneath, there are four bullet points: "Answer 4 questions correctly", "Respond to each question within 2 minutes", "1 question can be skipped", and "You will be locked out of this process for 24 hours if you are unable to answer a 4 question correctly". At the bottom, there are two buttons: "NEXT" (highlighted in blue) and "CANCEL".

## Navigating Myhub

This section walks through Myhub and the various features that may be presented to your learners.

### Myhub Home Page

When learners access their Myhub account, the first page encountered is their Myhub Home page. The Myhub Home page provides the learner with quick access to actions they can take with their Myhub account and a high-level view of the learner's verified record.

The screenshot displays the Myhub user interface. At the top left is the Myhub logo with a hamburger menu icon. At the top right are links for 'Help' and 'Sign Out'. The main content area begins with a personalized greeting: 'Hi DARIUS, welcome to Myhub'. Below this are three purple buttons: 'Enrollment Certificate', 'Transcript', and 'Academic Perks'. The dashboard is divided into several sections:

- Degrees Earned:** Shows a 'Bachelor of Arts' from 'SAMPLE UNIVERSITY' awarded on 2018-05-14, with a 'Get CeDiploma' link.
- Colleges Attended:** Lists 'SAMPLE UNIVERSITY' and 'HOMETOWN UNIVERSITY', each with contact information for Student Services.
- Enrollment History:** A table listing enrollment periods at SAMPLE UNIVERSITY and HOMETOWN UNIVERSITY.
- Courses:** A list of courses including PRECALCULUS, CALCULUS III, CALCULUS II, LINEAR ALGEBRA, ACCELERATED CALCULUS I, and ABSTRACT ALGEBRA, each with a grade and credit value.
- Credentials:** Shows 'Acclaim Ambassador' and 'Test Badge NSC' with a 'Sync on Credly' button.

Each section includes a 'See All' link in the bottom right corner. The footer contains the National Student Clearinghouse logo, copyright information for 2020, and links for 'Contact Us', 'Terms of Use', and 'Privacy Policy'.

Each section of the Myhub Home page includes a link in the lower right corner that allows the learner to access a detail page with complete record information from participating institutions related to that Myhub section. Each Myhub section is described in detail on the following pages.

## Global Menu

Starting in the upper left corner of Myhub, users are presented with a global menu option.

When the menu option is selected, a navigation menu appears on the left side of the page.

The first menu option, Myhub Home, allows the user to easily navigate back to his or her Myhub Home page from any other Myhub page.

The next set of menu options provide easy navigation to each of Myhub's distinct pages. These pages can also be accessed by selecting the links available in each section of the user's Myhub Home page, as will be discussed later in this document.

To close the menu, select the "X" button in the upper right corner of the menu.

## Action Buttons

At the top of the Myhub home page, users are provided with access to action buttons which allow the user to quickly put access to their learning record to meaningful use.

With the action buttons, users can:

- Generate and download an Enrollment or Advanced Registration certificate
- Order their official transcript from their current or former college or university
- Access student discounts from many popular merchants at AcademicPerks.org

### Enrollment Certificate

Selecting the Enrollment Certificate action button will navigate the user to the Enrollment History page. On the Enrollment History page, users are presented with a “Download Enrollment Certificate” button to the right of each prior or current institution’s name.

### Enrollment History

Select the "Download Enrollment Certificate" option to obtain an Advanced Registration certificate, a Current Enrollment certificate, or an All Enrollment Certificate.

If course and grade data for the learner was not provided by any of their former institutions through Reverse Transfer, the Courses section is not presented to the learner. Instead, the Credentials section is enlarged to take up the space otherwise used by the Courses section.

The Courses page shows more information about each course reported by the learner's former institutions if the institutions participate in Myhub and Reverse Transfer.
