Limited submissions: These submissions have sponsor restrictions on the number of proposals that an institution can submit. Thus, they require an internal institutional review to select the proposals that will be sent to the sponsor. Limited submissions are designated below by the inclusion of an internal deadline. If you are interested in one of these opportunities, please submit a one-to-three-page project description and associated attachments by this deadline via orsplimitedsubs@ksu.edu. The guidelines for this internal submission can be found at: http://www.k-state.edu/research/faculty/funding/limited-submissions/. For those internal deadline dates that are followed by "(notification only)", please send an email to orsplimitedsubs@ksu.edu containing your working title and a list of collaborators instead of a full internal submission. This information will be used to determine whether a formal internal submission process is needed.
