The Elections Committee arrived at this decision based on Article 5, Section 503, which states “Representation to the Student Senate shall be one (1) member for each three hundred (300) students or major fraction thereof in each college and the graduate school; one-half elected in the Spring and one-half elected in the Fall, as indicated in the By-Laws.”

The Elections Committee believes the intent of the word “member” is to indicate an individual of the student body.

WHEREAS the K-State Union and the Department of Recreational Services have requested increases in the budgets for the upcoming year, and

SECTION 2. Student Senate pass the following referendum:

The K-State Union and the Department of Recreational Services have requested increases in the Student Activity Fee. The Union is requesting an increase of \$2.00 per semester per student. This would result, if passed, in an increase of \$4.00 per year in tuition. Recreational Services is requesting an increase of \$3.20 per semester per student. Their request is divided into three parts. If all three proposals are passed, a tuition increase of \$6.40 per year will take effect. Any increase approved by the student body will take effect in the Fall semester of 1974 with approval of the President of the University and the Board of Regents.

The K-State Union presently receives a line item of \$5.00 per semester per student to provide for building maintenance and student programs and services.

I approve an increase in the Student Activity Fee and the Recreational Services Line Item of \$1.50 per student per semester to be used for the expansion of outdoor recreational facilities, including 10 (ten) additional tennis courts and 8 (eight) additional handball courts. This complex is to be located west of the existing tennis and handball courts. This accessment to be terminated upon total expiration of the complex bond.
4. I approve an increase in the Student Activity Fee and the Recreational Services Line Item of \$1.00 per student per semester to be used for the establishment of a capital outlay and contingency fund. DIRECTORS REPORTS

STUDENT BODY PRESIDENT - Mark Edelman - Faculty Senate passed the Retake Policy last Thursday. Committee position is open on Peer Sex Education Comm. If interested see Mark. Tonda Highley, Dir. of Pregnancy Counseling, explained the position. Consultative Comm. met today and discussed the energy crisis. Mark read a letter from Vice President Young which President McCain asked for Student Senate's opinion on. It dealt with closing the University for 2 weeks in order to conserve energy (Dec. 21 - Jan. 5). This would not affect intersession. The Energy Task Force suggested this. Tribunal met this afternoon to discuss Section 3 of the Intercollegiate Athletic Council bill. The problem with Tribunal is that because 1 student did not show up, they did not have a quorum and could not act on this. The 2 faculty members have not been appointed. Would suggest that Tribunal be changed in the Constitution to only student members. Would like commend Dave Garvin and the Search Comm. on the job done so far with the Students' Attorney position. Would like to see us select a person who would represent the University well.

DRUG EDUCATION CENTER - Fred Peterson - Spoke a little on Drug Analysis. We need a bill of support incase we have to go to court we can say and prove we have support of SGA. Questions were asked of Fred concerning Drug Analysis. The State Board of Pharmacy stated that we would have Quality Control. There are no statistics on this.

ASK - Dick Works - KSU will host 3 ASK meetings: 9:30 - Board of Directors 10:30 - Campus Directors and Task Forces will meet with Exec. Director 12:30 - Legislative Assembly. Feel free to stop in on any of these meetings.

FONE - WALK-CRISIS CENTER - Marylyde Kornfeld - The Fone is going into its 5th year of operation in Feb. The Walk—In Center was started about 1 year ago last summer. The volunteers listen to people and give alternatives. Have 45 volunteers. These are located in the UFM house. Hours are 5 pm - 7 am. Average 7 calls a night this semester. A total of 490 calls this semester. Pregnancy calls are down. Drug calls are up a little. Most are alcohol problems. 90% of all calls are college students. Have the Ring-A-Day service where they call elderly people at night. This is in conjunction with the Riley Co. Police Department. If for instance, an elderly person is called at a certain time and does not answer the phone, We contact the Police and they go and check on them. They also provide a service where they go and set with people who are in the hospital with emotional problems. Are going to completely revise the training field. Need more communication-type skills. Will try to revise the advertising campaign. On March 4, we will hold a 5 state hot line conference. This is in conjunction with the Alternatives Conf. sponsored by UFM.

PREGNANCY COUNSELING - Tonda Highley - Located at Holtz Hall. Hours are 8 am to 5 pm. Have one ½-time position and one full-time position. Have been available for 3 years (with Student Senate funding for 2 years). After they have decided which way they want to go with their pregnancy, we tell them where they can go for aid. Discussions include birth control and Venereal disease. We give speeches in various classes and to various groups. Running 55 calls so far this semester and have had 120 walk-in clients. Right now we are seeing approximately 30 clients. Records are kept confidential. Have approximately 30 Peer Sex Educators. They receive 1 credit hour/semester for helping us.

Matt - Would be helpful if all of you who took Senate for credit would fill out the Teacher-Course Evaluation.

COMMITTEE REPORTS

FINANCE - Mike Relihan - Met Monday and drew up the bill on the UFM Allocation for the Alternatives Conference that will be before you tonight.

ENERGY TASK FORCE - Keith Tucker - Met this morning. Mark Weddle is the new chairperson. Boxes will be put in numerous buildings on campus for complaints and suggestions. Will get into full-swing next semester.

STUDENT AFFAIRS - Chris Badger - Met Tuesday. Worked on the Beer-on-Campus policy. Passed UAB and Council on Student Affairs. Emily Levell talked to Max Milbourn on the Student Tours Service. The Research and Screening Comm. sent letters to people who deal directly with students on this matter.

SUMMER SCHOOL ALLOCATION BOARD - Mark Johnson - Met Monday.
Tentatively allocated \$3,400 to Summer Music Series.

ATHLETIC COUNCIL - Kent Snyder - Read the following information sent out by C. Clyde Jones: Memorandum on Athletic Council Action Regarding Non-Revenue Sports by C. Clyde Jones, Chairman, Athletic Council. Financial conditions which led to the Athletic Council's actions on December 2: 1. Football receipts were approximately \$224,000 below the revised budget figures of September 9, and guarantees to visiting teams were about \$30,000 below budget, for a net decline of \$194,000. 2. Conference television and bowl distribution will be approximately \$50,000 below budget. 3. Basketball season ticket sales are \$45,000 below the budgeted amount. The Athletic Council adopted a series of resolutions to cope with the situation: 1. Intensify efforts to increase private contributions. 2. Reduce 1974-75 expenditures to balance the budget for that fiscal year and to operate in 1975-76 and 1976-77 at an income-expense ratio to permit paying back \$200,000 borrowed previously on advanced ticket sales and to pay off \$500,000 bleacher loan. 3. Eliminate by attrition financial aid in all non-revenue sports. 4. Drop gymnastics and decline to reinstate swimming. These actions were adopted with the following understandings: 1. Financial support for non-revenue sports would be reinstated as soon as financial conditions permit. 2. Any new private funds designated for non-revenue sports may be used to restore scholarships

immediately. 3. Nearly all of the \$200,000 or more to be cut from 1974-75 spending must come from the budget for General Administration, football and basketball; the decision to eliminate non-revenue sports scholarships by attrition offers no relief in 1974-75. Relief must come primarily from football revenues. For example in 1974-75, we averaged about 24,000 per game. An additional 15,000 per game for seven games would have produced \$735,000 gross revenue and \$367,000 net of guarantees. Sell-outs for all seven games would have added another \$140,000 gross and \$70,000 net. Those persons wishing to help the non-revenue sports should purchase season football and basketball tickets and make contributions directly to the non-revenue sports programs. They should encourage others to do the same.
