WHEREAS Student Senate has developed a workable and realistic proposal regarding the coliseum which is acceptable to the administration, Athletic Department, and the KSU Foundation, and

WHEREAS Student Senate conducted an extensive visitation program, held open forums, and set up tables in the K-State Union in an effort to obtain student input on the proposal, and

WHEREAS Student Senate asked Dr. Don Hoyt of Educational Resources to conduct a statistical survey regarding the coliseum issue, a survey which accurately would reflect the opinion of the student body of Kansas State University to within +/- 4.4%, and

WHEREAS significant student support for the proposal has been demonstrated both by the survey and the visitation program resulting in the clear and accurate reflection of student body sentiments toward all aspects of the proposal, and

WHEREAS a referendum was held on the coliseum issue in 1979 asking for a student commitment of \$2.5 million and was passed by a 3-1 margin, and

WHEREAS during the past months an open dialogue has been held on all relevant issues pertaining to the coliseum, and

WHEREAS Student Senators have been elected to represent the best interest of the university as leaders of the student community

BE IT ENACTED THAT:

SECTION 1. A \$9.75/semester/full-time student and a \$4.50/semester/part-time student increase in the present activity fee begin the Fall of 1982. Summer school students shall be assessed \$1/credit hour starting the Summer of 1983 (not to exceed \$6/summer school student). This fee shall be increased to \$16.50/semester/full-time student and \$7.50/semester/part-time student the Fall of 1983. As soon as the Football Stadium bonds are retired (approximately the Fall of 1985) the current assessment of \$4.25/semester/full-time student and the \$.50/semester/part-time student will apply towards payment of the new coliseum, totaling \$20.75/semester/full-time student and \$8/semester/part-time student. As soon as the Union Annex II bonds are retired (approximately the Fall of 1990) the current assessment of \$10.25/semester/full-time student and \$6.50/semester/part-time student will apply towards payment of the new coliseum, totaling \$31/semester/full-time student and \$14.50/ semester/part-time student. These fees shall be used to service the proposed \$5.5 million bond issue, the proceeds of which will be used to help finance the construction of the new coliseum.

SECTION 2. If the coliseum project is terminated, all monies collected shall be applied towards payment of other student debt as determined by Student Senate and assessment will be terminated.

SECTION 3. Upon retirement of these bonds the assessment for the coliseum will be terminated.

SECTION 4. The following statements shall be read and approved by the President of the University before any collection of student fees takes place.

It is not our intent in this section to bind the university to unrealistic nor counter-productive actions. It is our intent to set up a general framework of guidelines under which students can have reasonable assurances.

- A. Regarding facility design: That students are involved at all levels of designing the facility and that student ideas are solicited.
- B. Regarding facility use: That students have voting powers in proportion to our level of contribution as to total costs, in the committee which determines facility use, and recognizing that intercollegiate athletics will always receive first priority, Other items to be considered priorities in both design and use are concerts, Landon Lectures, Convocations, and commencements.
- C. Regarding further increases in student fees: That every effort will be made to avoid situations which would dictate future increases in student fees for the coliseum.
- D. Regarding the other university funding units: That each funding unit meets, to the best of their ability, the funding level they have indicated to be both necessary and realistic for the coliseum proposal - KSU Foundation, \$6 million; Athletic Department, \$2 million.
- E. Regarding the legislative request: That the university seek, with all deliberate speed, a commitment from the State Legislature towards the project given the success of the other funding units while remaining sensitive to the academic mission of the university.
