**WHEREAS:** this representation may be enhanced through revisions to the current method of electing student senators, and

**WHEREAS:** representation by living district (Greek, off-campus and university housing) has a record of workability on other comparable campuses, and can be feasibly implemented at KSU, and

**WHEREAS:** Student Senate, by a simple majority, may place a constitutional revision on a student body referendum ballot

**BE IT ENACTED THAT:**

**SECTION 1.** Members of the KSU Student Governing Association be permitted to vote “yes” or “no” on the following question, titled “Proposition 1”, during the SGA General Election on February 10 & 11, 1987:

Should the Student Governing Association Constitution be amended to permit SGA members to elect half of the student senators as representatives of colleges and schools and half as representatives of living groups (Greek, off—campus and university housing)?

**SECTION 2.** The ballot contain the following explanation:

A YES vote on this question would favor a system in which Student Senate would be divided into representation as one-half (½) by living district and one-half (½) by college. Each student would cast one ballot for his/her college and one ballot for his/her living district. No student would be allowed to run for Student Senate in both his/her living district and his/her college. Living districts would be designated as Greek, off-campus and university housing.

The student may represent only the college or school in which he/she is enrolled or the living district in which he/she is residing.

Article V (Legislative), Part 504, Sub-Part A, shall be revised as follows:

Representation to the Student Senate shall be:

1. One (1) member for each six hundred (600) full-time and one (1) member for each twelve hundred (1200) part-time special fee paying students or major fraction thereof in each college and the Graduate School.
2. One (1) member for each six hundred (600) full-time and one (1) member for each twelve hundred (1200) part-time special fee paying students or major fraction thereof in each living district (Greek, off-campus and university housing).

**SECTION 4.** If the number of students required to approve this referendum question vote in favor, revisions shall be made by the Student Senate, and this method of electing student senators will be implemented in the 1988 SGA General Election or the next election date following the referendum's passage.
