Sometimes when you're feeling important,
Sometimes when your ego's in bloom,
Sometimes when you take it for granted
That you're the best qualified man in the room,
Sometimes when you feel that your going
Would leave an unfillable hole
Just follow this simple instruction
And see how it humbles your sole.
Put you hands in a bucket of water,
Immerse them up to your wrists,
Pull them out and the hole that remains
Is a measure of how you'll be missed.
You may splash all you please when you enter,
You may stir up the water galore,
But stop -- and you'll find in a minute
That it looks just the same as before.
The moral of this is quite simple,
Always do the best that you can,
Be proud of yourself -- but remember,
There is no indispensable man.

Kirk Caraway stated that Faculty Senate meets the 2nd Tuesday of each month in the Big 8 Room.

Martin Monto stated that the questions that were asked tonight were outstanding. Be willing to change your mind and be an excellent constituent.

Most of what I really need to know about how to live, and what to do, and how to be, I learned in kindergarten. Wisdom was not at the top of the graduate school mountain, but there in the sandbox at nursery school. These are the things I learned: Share everything. Play fair. Don't hit people. Put things back where you found them. Clean up your own mess. Don't take things that aren't yours. Say you're sorry when you hurt somebody. Wash your hands before you eat. Flush. Warm cookies and cold milk are good for you. Live a balanced life. Learn some and think some and draw and paint and sing and dance and play and work every day some. Take a nap every afternoon.

When you go out into the world, watch for traffic, hold hands and stick together. Be aware of wonder. Remember the little seed in the plastic cup. The roots go down and the plant goes up and nobody really knows how or why, but we are all like that.

Goldfish and hamsters and white mice and even the little seed in the plastic cup - they all die. So do we. And then remember the book about Dick and Jane and the first word you learned, the biggest word of all: LOOK. Everything you need to know is in there somewhere. The Golden Rule and love and basic sanitation. Ecology and politics and sane living. Think of what a better world it would be if we all - the whole world - had cookies and milk about 3 o'clock every afternoon and then lay down with our blankets for a nap. Or if we had a basic policy in our nation and other nations to always put things back where we found them and cleaned up our own messes. And it

is still true, no matter how old you are, when you go out into the world, it is best to hold hands and stick together.

COMMITTEE REPORTS

FINANCE - Doug Leming - Met with Black Student Union representatives for a second time this week last night. They presented better figures to look at for the Big 8 Council on Black Student Government Conference. We came up with the special allocation bill that is before you tonight. However, they may be asking for another \$1,000 next fall.

COMMUNICATIONS - Charlene Nichols - The "SGA Today" sub-committee will meet Sunday at 8:30.

ACADEMIC AFFAIRS - Eirene Tatham - Working on a "brag book".

STUDENT SENATE REPRESENTATION AD-HOC COMMITTEE - Eric Crowell - He presented the first of two reports mandated by Student Senate legislation. The committee was formed because people felt that it was necessary to address the issue of K-State's representation system. Eleven committee members were selected through an interview process. Eric is the chair, Ann Iseman is secretary and Dan Owens is communications coordinator.

The committee was divided into sub-committees: survey, peer institution research and historical research. The survey sub-committee is responsible for devising, applying and interpreting the results of several different surveys. A survey is being conducted by the Senate Communications Committee. A Student Senate survey was also conducted. Indications are that most senators feel that personal opinion ranks above living groups, colleges, etc. in conducting senate business, preference for the status-quo, and general student interests are the major concern. The question of representation is still open and that makes the future of this committee important. The senate survey will be helpful in formulating and interpreting the results of a student body survey which should be conducted at the beginning of the 1987 fall semester.

The peer institution sub-committee is contacting all big 8 and Regents schools to determine how their representation is composed and their election environment and procedures. Kent Bradley requested that letters be sent to universities across the U.S. Therefore, 100 additional letters are being sent.

The historical research sub-committee will recover information that was researched last year during which time the Student Senate Representation Enhancement Referendum (Bill 86/87/22) was being prepared and will evaluate the actual "trend" of representation over the past several decades in an attempt to find out if a certain pattern has emerged.

The committee should have some valid recommendations by the September 30, 1987 report.

DIRECTORS REPORTS

STUDENT BODY PRESIDENT - Kent Bradley - Open meetings for the 4 finalists for director of the Bramlage Coliseum will be: May 4 - Union 213 - 11:00 - Noon - Mark North. May 5 - Union 213 - 9:55-10:55 - Charles Thomas. May 6 - Union 206 - 2:45-3:45 - Mike Barber. May 7 - Union 212 - 11:00-Noon - George Riedel Regent Norman Jeter will be here Monday, May 4th, from 10:15 to 11:00 in the Union. Students need to get him feedback on the strategic planning studies. He does not have time to read each study. Getting a lot of feedback and questions while doing visitation.

ASSOCIATED STUDENTS OF KANSAS - Jennifer Leeds - House Bill 2100, Release of Fees, passed unanimously at 21%. House Bill 2434, Enrollment Corridor, passed by a large margin. The state work-study bill passed unanimously.

They will be having a country & western concert, and will be having competition among fraternities & sororities for purchasing tickets for handicapped and underprivileged children. Bob Felde is coordinator of Martin Luther King Week.

COMMITTEE REPORTS

AD-HOC COMMITTEE OF REPRESENTATION - Eric Crowell - The committee was originally set up to study whether or not there actually is a problem with representation here at K-State and if so, what could be done to rectify the situation, in order to get a feel for the existence of and nature of the problem, we relied on testimony by concerned individuals and some limited surveys and past composition. A combination of these convinced us that over time the Student Senate has not been diverse and representative.

Communication involving the Student Governing Association has been lacking. The committee suggests a weekly column highlighting current legislation and/or a special weekly page dedicated to SGA. Overall coverage of Senate should be increased in the Collegian.

Student Senate should increase communication by not only visiting living groups, but by also visiting clubs & organizations, holding public forums, and visiting various governing boards.

Participation by the student body is very important (things like "Student Body President for a Day"). By increasing excitement at election times (holding contests for participation by clubs and organizations for the most poll workers, for example) we would not only increase the amount of help needed to run the election, but would increase voter turnout as well.

Record keeping in Student Senate and its proceedings is vital, it is strongly suggested that a list of Student Senators and their addresses be included in the bound legislation. Also, a column on election ballots for the living group of the voter should be included for reference as to the overall turnout and the distribution of that turnout.

It is suggested that the number of polling places during an SGA election be increased (K-State Union, Farrell Library, Danforth Chapel, Cardwell Hall, Vet. Med.

Complex). The committee was divided on whether polling places should be located in Derby & Kramer food centers. The main problem with increasing polling places are staffing them and insuring that no student votes twice.

We identified a major problem as identification of relevant issues in the elections. Many of the issues could be better highlighted if political parties were allowed to form.

Several sub-committees were formed: survey, peer institution research & historical. (See report for their findings.) (See report for “Pros & Cons of Changing Current Representation”)

CONSTITUTIONAL & BY-LAWS REVISION COMMISSION - Justin Sanders - The Commission was created to propose to Student Senate any, revisions to the KSU SGA Constitution and By-Laws as may be necessary to make them coherent and self-consistent and other amendments, it may deem desirable. Due to its late organization and its required October 1st deadline, the Commission decided to suggest only those amendments for which strong desire has been manifested. We concentrated our efforts on substantive changes rather than on the acknowledged stylistic defects of both documents. Most changes were needed in the By-Laws. The Students’ Attorney and Judicial Council are currently considering amendments to the Judicial article in the By-Laws. The philosophy of the Commission in dealing with the revisions was to view the Constitution as the empowering document and the By-Laws as articulating powers granted in the Constitution. Consequently, some amendments basically, move passages of detail from the Constitution to the By-Laws. There will be legislation up next week. - .

COMMUNICATIONS - Charlene Nichols - Next week is “SGA Week”. Will have a table in the Union, in addition to the table in front of Holton Hall. “SGA TODAY”, our newsletter, will be out next week. Will be doing visitations to Greek houses next week. Was not successful at getting a hold of residence hall presidents. The Holton Hall project increase was approved by the Regents. COCOA's selective admissions plan was introduced to the Board, and it doesn't look too bad. Ft.
