BE IT ENACTED THAT:

SECTION 1. The following be approved as the 1989 Student Senate Standing Rules:

1. Senate shall have separation of questions and debate during its meetings. The question period is designated to provide time for senators to ask questions on motions or amendments. The debate period is designated for senators to voice their opinions on motions or amendments. Point of information, in question form, may be raised at any time during the debate period.
2. Open period is for any non-senator who would like the privilege of speaking before Student Senate. Any Senator or non-senator may ask questions directed at open period speakers.
3. Friendly amendments may be made to legislation only during the question period, not during debate.
4. The Senate Chair will vote only in the case of a tie.
5. First readings of legislation shall be followed by a question period. During second readings of legislation, senators shall have both a question and debate period.
6. During non-review years, Student Senate cannot amend a line item.
7. The objection to consideration motion must be voiced before the debate period. The person raising the motion may give a brief explanation for the reason for the objection.
8. The standing committee chairperson, Parliamentarian, Student Body President, Cabinet members, A.S.K. Campus Director(s), Senate Interns, Associate Dean of Student Life, Coordinator of Student Activities and Services and Secretary shall have speaking privileges in Student Senate.
9. Finance Committee members shall have speaking privileges during the tentative and final allocation process.
10. If no objection to call the question are raised, Student Senate shall have an immediate vote of the motion on the floor.
11. A motion to reconsider a vote may be made no later than the second (2\textsuperscript{nd}) meeting of Student Senate after the vote was taken.

PASSED 1/21/88
BY: Mark Burns

WHEREAS: Senate Bill 87/35 changed the yearly allocation to college councils from the second semester’s enrollment to the fall semester’s enrollment, and

WHEREAS: councils do not have liaisons, except the International Coordinating Council, and

WHEREAS: typographical errors need to be corrected to make the policy read clearer

BE IT ENACTED THAT:

SECTION 1. Student Senate approve the following as the Council Funding Policy:

1. A “council” shall be defined as a governing body which presides over two or more related organizations wishing to maintain their own autonomy.
2. Student Senate shall grant $1.50/semester/full-time student and $.42/semester/part-time student to each college council. The yearly allocation shall be based on the previous year’s fall semester’s enrollment. Fine Arts Council shall receive $2/semester/full-time student. Student Senate shall grant non-line item allocations to other councils.
3. Guidelines for these allocations shall include:
   A. Meeting SGA spending regulations.
   B. Any funded activity cannot discriminate membership on the basis of race, nationality, religion, creed or sex.
   C. Activity must be predominantly beneficial to that college’s students’ or groups’ interests in contrast to benefiting the entire university.
4. Misuse of funds shall be reported by the SGA Financial Adviser or any student in that college/organization and forwarded to the Student Senate Finance Committee for appropriate action.
5. During the annual allocation process, all individuals or groups requesting an allocation from student activity fee money from a council will submit a fully itemized budget directly to the council when requested.
6. The councils will process the budgets in accordance with their individual allocation procedure. After this process is complete, the councils will present their finalized budgets to the Student Senate Finance Committee. The finalized budgets will include an itemized breakdown to each group funded.
7. Student Senate Finance Committee’s approval shall be required for the enactment of any council allocation of student activity fee money. Finance Committee will review the budgets to determine whether the expenditures are in accordance with SGA and university policy. Upon approval of Finance Committee the allocation will be considered complete. If all or part of a budget is not approved, Finance Committee will schedule a meeting with the council in question and give a full explanation of their rationale for non-approval. At this time budgets may be revised and resubmitted. Finance Committee, in consultation with councils, may grant exceptions and approve expenditures which are prohibited under the
annual Council Spending Policy, if these expenditures are deemed to be in the best interest of the students of the respective college or group.

8. Councils may submit (in writing) requests for additional funding, pending justification and need, to the Student Senate Finance Committee as an amendment to the council’s line item or budget and shall be considered by Student Senate during final allocations.

9. All funds not allocated by any college council shall be placed in a fund earmarked for that college council. Any unspent funds remaining at the end of the fiscal year shall be returned to the Reserves for Contingencies account.

10. Special allocation requests will be considered at any time throughout the fiscal year and must be reviewed by the Student Senate Finance Committee. Guidelines will be in accordance with that described in Sections 5, 6 and 7 above.

11. Any decisions made by the Student Senate Finance Committee may be overturned by a simple majority of the assembled body of Student Senate.

SEXUAL AWARENESS TASK FORCE - Greg Weisenborn - Will meet tomorrow.

STUDENT BODY PRESIDENT - Troy Lubbers - He went over the Washington, DC trip itinerary. The group discussed the historical background to find out why it failed and then discussed how to solve the problem. The past director seems to be at fault. NSR owes money to the University of San Francisco for a conference. He ended up buying a computer with the registration fees rather than paying off the University of San Francisco and took the computer with him when he left. The group decided to sit back and let the University of San Francisco come after their money. The NSR office has been shut down so as to incur no further debts.

INFORMAL DISCUSSION
GENERAL!
Bill Mock announced that the Sig Ep Fite Nite will be held Sunday, Monday & Tuesday in Weber Arena.
Sally Meadows told two KU jokes.
Doug Washington also told a KU joke.
Doug Folk stated that NO HOMEWORK WILL BE DONE IN STUDENT SENATE MEETINGS. If he sees anyone doing homework, he will ask that individual to leave the meeting.
He read the following articles from the March 21, 1988 National On-Campus Report:
TOSSING DEAD CHICKENS, CUPS OF ICE, and other debris onto a college basketball court during a game could now cost the home team a couple of points. Hoping to control increasingly unruly fans at athletic events, the NCAA says it’s giving referees the power to award visiting teams two free throws and possession of the ball if the home team’s fans deliberately delay a game by throwing things on the court.
“A HORRIBLE JOKE.” That’s what one U. of Georgia student has called the school’s fledgling student government. Resurrected last spring after a nine-year absence, the organization attracts little student interest. A student newspaper editor worries that “it’s only a matter of time before someone will run ... on a platform of ‘If you elect me, I’ll abolish it.’” After all, that’s what happened in 1979.
No matter what anyone thinks, KU’s national championship will hurt K-State. Having K-State ranked 8th in the nation is great, but it will be overlooked.
Grant Shellenberger’s motion to recess until next Tuesday at 6 p.m. passed.
Jenny Johnston, Secretary I

President Jon Wefald thanked the Senate on the fine job they are doing. Senate does a first rate job funding all the groups that it does, and he has heard no complaints. He has never seen a greater student body that we have here at KSU. He is happy that we have turned the declining enrollment around and is happy with the type of students we attract. Changing Times magazine lists KSU as one of the top 42 (out of 2200) colleges in America.
