

New Faculty Institute  
Participants  
2015/2016

|                         |  |
|-------------------------|--|
| Soumia Bardhan          | Communication Studies                                |
| Daniel Bernstein        | Hospitality Management                               |
| Janie Brokenicky        | Music, Theatre, and Dance                            |
| JJ Brotton              | Marketing  |
| Zian Butler             | English  |
| Marcellus Caldas        | International Programs                               |
| Elva Cha                | Diagnostic Medicine/Pathobiology                     |
| Grant Chapman           | International Programs                               |
| Rebel Cummings-Sauls    | K-State Libraries                                    |
| Sally Davis             | Diagnostic Medicine/Pathobiology                     |
| Emily Dringenberg       | Engineering  |
| Duane Dunn              | Global Campus  |
| Jennifer Francois       | Family Studies and Human Services                    |
| Jungang Gao             | Biological & Agricultural Engineering                |
| Amanda Gaulke           | Economics  |
| Gyuhyeong Goh           | Statistics   |
| Mira Greene             | K-State Libraries                                    |
| Deborah Hann            | Geography  |
| Ryan Hansen             | Chemical Engineering                                 |
| Michael Higgins         | Statistics   |
| Jessica Holloway-Libell | Educational Leadership                               |
| Jenneen LeMay           | Special Education, Counseling and Student Affairs    |
| Yonghui Li              | Grain Science and Industry                           |
| Jia (Grace) Liang       | Educational Leadership                               |
| Dong Lin                | Industrial and Manufacturing Systems Engineering     |
| Zhoumeng Lin            | Anatomy and Physiology                               |
| Romulo Lollato          | Agronomy   |
| David Mackay            | Music, Theatre, and Dance                            |
| Maia Magrakvelidze      | Physics  |
| Kristin Malek           | Hospitality Management                               |
| Nicolette Manglos-Weber | Sociology, Anthropology & Social Work                |
| Jocelyn McDonald        | Biology  |
| Rachel Miles            | K-State Libraries                                    |
| Maria Isabel Millan     | American Ethnic Studies                              |
| Colby Moorberg          | Agronomy   |
| Kari Morgan             | Family Studies and Human Services                    |
| Ji Young Na             | Family Studies and Human Services                    |
| Gregory Newmark         | Landscape Architecture/Regional & Community Planning |
| Edward Nowlin           | Marketing  |
| Francesco Orsi          | Geography  |
| Ryan Otto               | K-State Libraries                                    |
| Prathap Parameswaran    | Civil Engineering                                    |
| Saurav Pathak           | Management   |
| Natalie Pennington      | Communication Studies                                |

|                            |  |
|----------------------------|--|
| Tom Platt                  | Biology  |
| Pavithra Prabhakar         | Computing and Information Sciences                 |
| Sara Quinn                 | Journalism and Mass Communications                 |
| Venkatesh-Prasad Ranganath | Computing and Information Sciences                 |
| Kathryn Reif               | Diagnostic Medicine/Pathobiology                   |
| Daniel Rolles              | Physics  |
| Carmen Schober             | English  |
| Timothy Shaffer            | Communication Studies                              |
| Xiuhuan Shi                | Biological & Agricultural Engineering              |
| Alissandra Stoyan          | Political Science                                  |
| Aravind Suresh             | Chemical Engineering                               |
| Maggie Syme                | Gerontology  |
| Michelle Toews             | Human Ecology                                      |
| Valentina Trinetta         | Animal Sciences and Industry                       |
| Phillip Ugorowski          | Mechanical and Nuclear Engineering                 |
| Govindsamy VEDIYAPPAN      | Biology  |
| Nelson Villoria            | Agricultural Economics                             |
| Heidi Wagner               | Architectural Engineering and Construction Science |
| Doug Walker                | Marketing  |
| Andrea (Jill) Wood         | Curriculum and Instruction                         |
| Cen Wu                     | Statistics   |
| Yulan Xiong                | Anatomy and Physiology                             |
| Yang (Lydia) Yang          | Special Education, Counseling, and Student Affairs |
| Elizabeth Yeager           | Agricultural Economics                             |
| Erin Yellend               | Family Studies and Human Services                  |
| Rebecca Youngblood         | Educational and Personal Development               |
| Jianzhong Yu               | Anatomy and Physiology                             |
| Umut Yucel                 | Animal Sciences and Industry                       |
| Xiaochen (Angela) Zhang    | Journalism and Mass Communications                 |
| Anna Zinovyeva             | Biology  |
