

**Horticulture and Natural Resources** 

1712 Claffin, 2021 Throckmorton Plant Sciences Cntr. Manhattan, KS 66506-5507 (785) 532-6173

The Kansas Turf & Ornamentals Field Day program is designed for all segments of the turf & ornamentals industry — lawn care, athletic fields, golf courses, sod farms, landscape, nursery, and grounds maintenance. Included on the program are research presentations, problem diagnosis, commercial exhibits, and equipment displays. There will be time to see current research, talk to the experts, and get the answers to your questions.

We hope to see you on Thursday, August 7!

Cack s. Fry

Jack Fry Extension Turfgrass Specialist

Kansas State University is committed to making its services, activities, and programs accessible to all participants. If you have special requirements due to a physical, vision, or hearing disability, or a dietary restriction, please contact Extension Horticulture at (785) 532-6173.

# Kansas Turf & Ornamentals Field Day August 7, 2025

8:00 a.m. Registration (coffee, donuts)

Visit Exhibitors

8:45 a.m. Welcome

9:00 a.m. TOUR HIGHLIGHTS

- NTEP Cool-Season Grasses Dr. Ross Braun
  We are conducting several National Turfgrass Evaluation Program (NTEP) trials to compare the performance of new grass cultivars against older ones over a five-year period at Rocky Ford. Join us to learn about the latest evaluations of tall fescue, Kentucky bluegrass, and other trials.
- ◆ Turf and Ornamental Disease Update Dr. Megan Kennelly/Judy O'Mara Come hear about ongoing turfgrass disease work and an update on 2025 hot topics and common problems in plant health.
- Measuring Zoysiagrass, Buffalograss, and Bermudagrass Maintenance Inputs — Dr. Jack Fry Hear about current USDA-funded research related to measuring the amount of mowing, fertilizer, and pesticide inputs of these warm-season turfgrasses and how you can possibly reduce maintenance inputs.
- Turfgrass Seeding Tips Parul Mandal Stay updated on K-State research about coated turfgrass seed and seeding tips for cool- and warmseason grasses. With autumn approaching after field day, it's a great time to prepare for fall renovations and overseeding of cool-season turfgrasses.
- Responses of Groundcovers and Turfgrass to Drought

   Dr. Cody Domenghini

   Learn about how nine groundcover and turfgrass species responded to severe drought in a greenhouse study.

- ◆ Turf and Ornamental Insect Update Dr. Raymond Cloyd Come hear an update on insect and mite pests of ornamentals and turfgrass, including new insecticides and miticides and the common insect and mite pests of 2025. There will be lots of "bug" samples for everyone to see! Be sure to bring your own "bug" samples if you have any.
- Drought Mitigation Strategies for Ornamentals—Dr. Cheryl Boyer and Alex Stanton Managing water resources effectively is critical for sustainable ornamental landscapes. Learn about plant selection and irrigation strategies for beautiful low-water-use residential and commercial applications.
- ♦ Aquatic Critters Dr. Joe Gerken
  Join us as we discuss common animals found near
  ponds and water features. Learn about the
  potential damage these critters may cause to
  vegetation and steps you can take to reduce
  these risks.

### **LUNCH SPONSOR**

If you would like to help sponsor lunch, the cost is \$250. Signage will be at the lunch site, and recognition given to those sponsors the day of the event, on our website, and in the newsletter.

### **CREDIT HOURS**

Pesticide recertification credit hours for commercial pesticide applicators:

I hr in 3B and Ihr in 3A AND .25 GCSAA education points

### **VENDORS**

Exhibitors can set up the day before. Please contact Christy at (785) 532-6173 if you are interested.
