

The Country Club of Salt Lake
2022 Summer Internship

Club History:

The Country Club of Salt Lake was originally founded in 1899. The course was designed and built by William Watson with John Harbottle completing a course renovation in 2007. Currently, the club is in the process of a complete driving range renovation. The Club has previously hosted various championships and this past year was host of a U.S. Senior Amateur Qualifier.

Course Details:

The course possesses A4 Bentgrass surfaces on USGA Spec Greens while the Fairways, Tees, and Approaches consist of Perennial Rye and Kentucky Bluegrass. The team will have approximately 30 crew members. We will be transitioning to walk-mowing greens this coming year as they have been previously mowed via triflex. The Club possesses primarily Jacobsen equipment but utilizes a Toro Irrigation System.

Interns Will Be Exposed To:

- Section Management
- GC Equipment Operation
- Fertilizer/Spray Applications
- Irrigation Auditing & Repair
- Various Course Projects
- Leading Small Crews
- Moisture Management
- Equipment Maintenance

Internship Objective:

Interns will be given the opportunity to experience all of the facets of golf course maintenance on a day-to-day basis. Interns are expected to provide an exceptional attitude, be professional, and most importantly, possess an eagerness to learn.

Wage + Benefits

- \$16.50 / Hour + Overtime
- Housing Assistance
- Pro-Shop Discounts
- Uniform
- Golf Privileges
