

Internship Opportunities

Munie Greencare provides internship opportunities to students who are looking to gain real-life, hands-on experience. We have summer internships available in the following areas:

- Account Management
- Production Management
- Turf Grass and Construction
- Landscape Design
- Landscape Maintenance and Services

Since 1980, Munie Greencare Professionals' reputation has been built on customer satisfaction. We are a nationally recognized, Top 100 Green Industry company operating in nine states. Munie provides grounds maintenance, turf care and turf contracting in a safe, responsible manner. We consistently provide value to our clients through innovation, training and proprietary techniques.

Our internship program is designed to give students invaluable experience to begin their career. These internships are located various locations including Caseyville, IL and Fort Riley, KS.

Resumes for internships can be sent to ebarr@muniegreencare.com.
