

Come be part of a growing team at The Kansas City Country Club. We are currently in the Master Planning phase with Golf Course Architects Kyle Franz and Tyler Rae to produce a comprehensive and actionable plan for the golf course. Major construction would likely commence by 2024. We are currently seeking individuals for seasonal internships and long-term, full-time employment in the capacity of Assistant-In-Training.

Kansas City is a vibrant and fun city with world-class entertainment and dining. MLB, NFL, MLS, and other sporting venues are within a 15-minute drive from the Club. Financial assistance is available to those with a demonstrated need for temporary housing or relocation assistance.

In this position, you will work closely with the Golf Course Superintendent and Assistant Superintendents to ensure conditions are continually improving to meet the high standards of our membership. You will be exposed to all aspects of daily golf course maintenance and have the opportunity to participate in budgeting and planning for the operation. Your roll at the Club will grow as each assignment is mastered. Volunteer experience may be available at various PGA or similar events.
