Benefits:

Movement Challenge - We are doing the Movement Challenge again this year. It will run from 08.19.2018 – 09.22.2018. The challenge will be five weeks long and will count minutes of activity as opposed to steps like we have done in the past years. Our focus is to encourage healthy behaviors within the workplace that then can translate into employee’s personal lives as well. It will run very similarly to years past.

Benefits Fair – The benefits fair is October 4 this year. We will have benefits open enrollment as well as life insurance and short-term disability open enrollment.

Accident Reporting – We are working on an electronic incident “accident” reporting process to be piloted in early fall with a go-live of mid-to-late fall.

Employee Relations:

• The revised PPM 4040 Reassignment of University Support Staff has been published on our website.
• The Understanding Policies sessions were cancelled and will be rescheduled at a later date.
• We have the Appeals Board set and are in the process of scheduling the training. It is important for you, as Senators, to remember that members of this committee must have 5 years of experience with the university.
• A survey was sent out to all USS employees asking if they were interested in serving on the PRC. I am waiting on names from Bill Glover to complete the committee. We must have a member of the panel
that is covered under the agreement when the appellant is covered by the agreement. If I don’t hear from him by the end of the day, I will contact some employees who are covered and ask if they are willing to serve.
