IX. Old Business- none

X. New Business
A. Lesa Reves moved to accept the KSU Draft of the Position Paper for 2014-2015 for the CSSC meeting on September 16 with the following statement added to # 2. “Fully fund to completion the market adjustments approved by the Kansas Legislature in HB2916 in the 2008 legislative session.” Pat Fine seconded the motion with the amendment. After discussion, motion carried.
B. Kerry Jennings recommended a letter be drafted to send to KSU Administration recommending that unclassified supervisors of classified employees attend supervisory training. Lesa Reves seconded the motion with an amendment to include faculty supervisor attendance and proper completion of evaluations needs to be stressed in the training sessions. After discussion, motion carried.
C. Rob Reves moved to form a committee to draft the letter with Kerry Jennings as Chair, Lesa Reves as a member and one other member at the President’s choosing. The letter should be sent to all Senate members for review. Dale Billam seconded the motion. Motion carried.
D. Kerry Jennings will serve on the Climate Survey Committee with Janice Taggart and Pam Warren.
E. Amy Capoun stated that there are seven handicap employees working in her building and there are only three parking spaces available. She was advised to contact John Wolf or Terri Wyrick on the Parking Service Committee for a resolution.

XI. Campus Committee Reports
A. Faculty Senate Fringe Benefits – Pam Warren will not be able to attend the meeting next week, Kerry Jennings will attend in her place.
B. Recycling – Mike Ashcraft reported that the game day was a big day for recycling.
C. Council on Parking Operations – Will meet later this month. It has been reported that the new parking permits are melting and you can trade the old one in for a new one at Parking Services.
D. Peer Review – Training for committee members will be in September.
E. Service and Maintenance – Brian Sheaves reported triangles have been painted on sidewalks across campus to indicate where bicyclers are to dismount.
F. President’s Commission on Multicultural Affairs – nothing to report.
G. Search Committees - Pam Warren reported they are starting a new search for Department Head. Dale Billam stated the position announcement has been posted for the Vice President for Administration and Finance.
H. Alternative Service Committee – Carol Marden shared with the Senate concerns of our constituents that the ASC learned during the open discussion group meetings and how they are being addressed in the White Papers.

1) From the Compensation White Paper, the majority of employees want pay based on performance as well as across the board COLAS, they want to be recognized and adequately compensated for the work they do.

2) Extreme increases or little to no increases would need to be justified and would be monitored by Human Resources.

3) Those employees who "meet expectation" or higher would be eligible for a merit/performance increase as well as an across the board increase.

4) Another concern was that funding for USS increases would go to technology or to enhance other employee salaries. This is NOT possible due to budget allocations and restraints.

5) ALL employees will receive a longevity bonus after 10 years of service, including employees that started after June 2008. Longevity bonuses will be included in base when calculating pay increases. Longevity bonuses will still be administered as a lump sum.

6) Position Descriptions have to be kept current so employees can be adequately compensated.

7) A trigger for reviewing position descriptions has been placed on the last page of the new Employee Performance Review.

8) Senate will be asked for input on the new pay plan as it is being developed. Increased compensation for lead workers will need to be addressed as well as supervisors who receive less than those they supervise.

9) The Recruitment White Paper has been abolished since the University has formed a committee to address recruitment issues.

10) Comments from Senate members:

   a) Mike Seymour has concerns regarding position descriptions and how easily they could be changed if we go to USS vs. staying with State Civil Service. The state will still have guidelines which will not change and in which the university will follow. Position description can be changed even now and will continue if there is an affirmative vote for USS. This is a benefit to adequately compensate employees for tasks performed.

   b) Mike Seymour will bring back to the Senate next month a description of what Civil Service means regarding protection for employees, etc.

   c) Janet Finney asked for clarification in the ASC minutes regarding information going to KSU leaders prior to the entire university. Clarification is voting results will be sent to classified senate and then to the university. The vote is being tabulated by KSU Planning and Analysis.

XII. Adjournment

Pat Fine moved to adjourn the meeting. Lesa Reves seconded the motion. Motion carried.

Respectfully submitted,

Susan Erichsen
