

# KSU Amateur Radio Club

## WØQQQ

### Minutes - November 18, 1997

---

The meeting never actually came to order, but was quite a productive gathering, nonetheless.

The club has acquired a used office desk and office swivel chair, and we miracled those onto KSUARC premises...both fine additions.

Thanks to adviser Norm Dillman, NØJCC for arranging for a different (new?), quiet, state-of-the-art window air conditioner for the weapons room.

The club members also inspected the nice couch donated by Mike Penrod, KBØFAX. This couch, besides being quite a sporty piece of furniture, will be most useful as members contemplate DXing strategies.

A gigantic dot matrix printer which we acquired for free several years ago (and which was never plugged into a 117-V AC outlet), was taken to its final resting place.

An impromptu auction was held for a drafting board of unknown origin (that we found behind the pop machine). Rich Warkentien, KBØYKZ was the high bidder at \$5.

David Yoder, KAØJPM  
secretary-treasurer
