President Copeland began the meeting with an impressive Powerpoint presentation on the KSUARC.

Results are in from the ARRL's Winter School Club Roundup, which ran from Feb. 13 to 17, 2017. The KSUARC came in 5th nationally in this contest.

The club's ICOM IC-451 was sold for \$85. The goal is to raise funds to buy an ICOM IC-7300, which retails for about \$1,349. We hope to get some alumni members onboard.

Max Nager reported that a presentation was made to the Engineering Student Council, in hopes of receiving a mini grant. We did not receive any funds.

There is the possibility that Green Apple Bikes may organize or sponsor a marathon, and our club might be able to contribute with communications.

The idea of a MAARS/KSUARC fox hunt was mentioned and explained.

A motion was made to allocate a maximum of \$40 to reimburse President Copeland for shipping expenses for the aforementioned IC-451. The motion passed.

The meeting was adjourned at 7:07 P.
